SOCIALISM IN AMERICA John Bowman, 2005-01-18 In 1835 Alexis de Tocqueville predicted a species of oppression with which democratic nations are menaced unlike anything which ever before existed in the world It was a despotism that would be more extensive and would degrade men without tormenting them It would be a force that compresses enervates extinguishes and stupefies a people till each is reduced to be nothing better than a flock of timid animals of which the government is the shepherd Tocqueville was predicting socialism in America a new form of oppression that did not exist in his time He could not name it at the time because the word socialism had not yet appeared in the English language and Karl Marx had not yet published his Communist Manifesto America has become a socialist state and this book is about what socialism is doing to America today Socialism is an oppression that has caused America to discard the rule of law forsake justice limit freedom attenuate individuality create dependence degrade social norms attack sources of wealth and divide the culture This form of despotic totalitarianism has irreversibly commenced the destruction of American culture and nation Socialism in America offers the reader the perspective of and how and why this is happening It explains the history of socialism and in particular the history of socialism in America It discusses the roles of socialism's foremost vectors which are primarily the unions and Democratic Party It critically dissects the philosophy of socialism itself and examines other countries struggles to survive under the heavy socialist boot Every freedom loving American should read this book

The Long Detour is an intellectually engaging overview of the history of socialism in the United States and its continuing relevance for today Historian and journalist James Weinstein a lifelong socialist and one time Communist takes readers from the movement's early years of utopian communities through the heyday of engagement with the makers of corporate America and into the future of our de industrializing era He argues that socialism as a political movement lost its way when

Communist domination of the American left stifled social thought and diverted it into disputes over the true nature of the Soviet Union Socialism is not dead according to Weinstein indeed it is a vital force than can contribute to the growth of a political movement in the United States based on humane social principles one that can once again play a positive role in our democratic development

We Own the Future Kate Aronoff,2020-01-07 A stunningly original and timely collection that makes the case for socialism American style It s a strange day when a New York Times conservative columnist is forced to admit that the left is winning but as David Brooks wrote recently the American left is on the cusp of a great victory Among Americans under thirty 43 percent had a favorable view of socialism while only 32 percent had a favorable view of capitalism Not since the Great Depression have so many Americans questioned the fundamental tenets of capitalism and expressed openness to a socialist alternative We Own the Future Democratic Socialism American Style offers a road map to making this alternative a reality giving readers a practical vision of a future that is more democratic egalitarian inclusive and environmentally sustainable The book includes a crash course in the history and practice of democratic socialism a vivid picture of what democratic socialism in America might look like in practice and compelling proposals for how to get there from the age of Trump and beyond With contributions from some of the nation s leading political activists and analysts We Own the Future articulates a clear and uncompromising view from the left a perfectly timed book that will appeal to a wide audience hungry for change Table of Contents Part I Is a New America Possible Introduction Kate Aronoff Peter Dreier and Michael Kazin How Socialists Changed America Peter Dreier and Michael Kazin Toward a Third Reconstruction Andrea Flynn Susan Holmberg Dorian Warren and Felicia Wong A Three Legged Stool for Racial and Economic Justice Darrick Hamilton Democratic Socialism for a Climate Changed Century Naomi Klein Part II Expanding Democracy Governing Socialism Bill Fletcher Jr We the People Voting Rights Campaign Finance and Election Reform J Mijin Cha Confronting Corporate Power Robert Kuttner Building the People s Banks David Dayen Democracy Equality and the Future of Workers Sarita Gupta Stephen Lerner and Joseph A McCartin Who Gets to Be Safe Prisons Police and Terror Aviva Stahl On Immigration A Socialist Case for Open Borders Michelle Chen On Foreign Policy War from Above Solidarity from Below Tejasvi Nagaraja Part III The Right to a Good Life Livable Cities Thomas J Sugrue What Does Health Equity Require Racism and the Limits of Medicare for All Dorothy Roberts The Family of the Future Sarah Leonard Defending and Improving Public Education Pedro Noguera Reclaiming Competition Sports and Socialism David Zirin What About a Well Fed Artist Imagining Cultural Work in a Democratic Socialist Society Francesca Fiorentini How Socialism Surged and How It Can Go Further Harold Meyerson Afterword A Day in the Life of a Socialist Citizen Michael Walzer
