Socialization In Drug Abuse:

Socialization in Drug Abuse Robert H. Coombs, Lincoln J. Fry, Patricia G. Lewis, 1976 **Socialization in Drug Abuse** Robert H. Coombs, Lincoln J. Fry, Patricia G. Lewis, **Handbook of Drug Abuse Prevention** Zili Sloboda, William J. Bukoski, 2007-08-06 There are a number of reasons why this book is important First there is no one source that summarizes what we know about the prevention of substance abuse from the research field so the book serves as a repository of accumulated knowledge on prevention theory intervention design and development and prevention research methodology Second as an evolving field prevention science has only begun to assert itself in both the arenas of practice and policy The formation of the Society for Prevention Research in 1991 was the first recognition that a science of prevention existed and required a separate forum to present the rapidly growing content of the field for discussion and review Finally there is a need to establish a baseline a reference point against which progress in the field of prevention science can be assessed This book serves all of these purposes The idea for this book grew from the observation in the early 1990s that after decades of attempts to develop effective interventions to prevent drug use among children and adolescents in the United States that we were finally having success particularly in addressing the initiation of use These successes are the result of research that has provided a better understanding of the factors and processes associated with the onset of substance use *Drug Abuse* Seymour Eiseman, Joseph Wingard, George Huba, 2019-07-09 Departing from largely ineffective medically oriented approaches to the problems of drug abuse education the contributors to this volume present relevant empirical findings and theoretical models within a comprehensive psychosocial framework which draws upon recent advances in understanding the physiological psychological interpersonal and social forces that are the causes of youthful drug addiction **The Role of Socialization, Gender, and Ethnicity in Substance Abuse Among Anglo and Mexican-American Adolescents** Robert James, 1995 *The Social Basis of Drug Abuse Prevention* Richard Jacobson, Norman E. Zinberg, 1975 *Social Support Networks* James K. Whittaker, James Garbarino, This book offers for the first time a clear conception of what social support networks are why they are important how they are identified and sustained where they fit in an overall framework of human services and their limits and potential in selected fields of practice Individual chapters explore child adolescent and family services daycare and early childhood development divorced and stepfamilies schools delinquency prevention and treatment mental health service to the elderly development disabilities healthcare and health promotion and drug treatment The use of social support networks extended family friends neighbors and other informal helpers is an idea whose time has come in the human services field At a time when spiraling costs and popular sentiment weigh against any major expansion of services it is apparent that a service strategy based primarily on the notion of professional helping delivered on a case by case basis usually in a one to one relationship has serious limitations Professional response to this major work has been uniformly positive The editors have assembled a book of considerable importance brilliant in both scholarship and construction will

appeal to a broad readership Gerald Euster University of South Carolina offers a much needed balance to the focus on individual and internal dynamics which has characterized social work education for several decades Eleanor Reardon Tolson University of Chicago Social Support Networks is a valuable contribution a unique original and authoritative book an exciting timely and definitely practice oriented book with a strong theoretical and research base Anthony N Maluccio University of Connecticut James K Whittaker is professor of social work at the University of Washington A former childcare worker therapist and administrator in residential childcare he has been a consultant to governmental and voluntary children s agencies throughout the United States James Garbarino is Elizabeth Lee Vincent Professor of Human Development in the College of Human Ecology at Cornell University He was president of the Erikson Institute for Advanced Study in Child Development Chicago Illinois from 1985 to 1994 He is the co author of Troubled Youth Troubled Families also available from AldineTransaction Investigating Social Problems A. Javier Trevino,2014-08-08 Each chapter in this innovative social problems text is written by a specialist or pair of specialists from appropriate subfields within sociology The typical single author approach is limiting given the complexity of the contemporary issues surrounding each social problem discussed Involving many content experts ensures that the theories research and examples used in each chapter will be as current and relevant as possible Chapters open with personal statements from the contributing authors discussing how they got involved with studying the problem they are writing about Javier Trevino serves as the general editor making sure that each author follows the chapter template and maintains a consistency in level and style **Social responses to drug use** United States. Commission on Marihuana and Drug Abuse,1973 **Drugs, Crime, and Social Policy** Thomas Mieczkowski,1992 This work opens with an introductory chapter covering basic issues and terminology with regard to crime and drugs in social policy It then presents a number of specific themes relevant to the subject area and closes with an analysis of drug decriminalization as a social policy An Annotated Bibliography on Social and Psychological Aspects of Drug Abuse Rama K. Rao,1986 *Patterns and consequences of drug use.- v.2. Social responses to drug use.- v. 3. The legal system and drug control.- v. 4. Treatment and rehabilitation* United States. Commission on Marihuana and Drug Abuse,1973 *Social Functioning Patterns in Families of Offspring Receiving Treatment for Drug Abuse* Sharol Rae Cannon,1976 *Handbook for Conducting Drug Abuse Research with Hispanic Populations* Robert C. Freeman,Yvonne P. Lewis,Héctor Manuel Colón,2002 This volume with accompanying CD ROM is a compendium of information providing practical guidelines for individuals doing drug abuse research with Hispanic populations Aimed at graduate students and researchers or service providers initiating programs with Hispanic communities it also provides ample substance for seasoned researchers The material is drawn from the field work of countless investigators who in the course of conducting drug abuse research targeted at the Hispanic population have designed studies collaborated with communities conducted outreach recruited participants developed and tested instruments collected and analyzed data followed up with clients and considered ways of

returning something to the community after their research was completed The CD ROM provides not only the volume s electronic text but also decision tree scenarios of each major component activity to initiate and conduct research with Hispanic populations This handbook was written largely because many drug abuse researchers in the 1980s and 90s operated under the assumption that the methods and approaches useful with non Hispanic subjects could also be utilized with Hispanics That approach ignored such moderating variables as acculturation language and core values As a consequence the benefits of research findings did not always accrue to Hispanics This volume contributes significantly to filling this gap in drug abuse research *Drug Abuse Prevention Research* Thomas J. Glynn,1983 **Social Science**

Review ,2005-06 **Social Class and the Community Ecology of Adolescent Drug Use** Sean Fitzpatrick Reardon,1997

The Sociology of American Drug Use Charles E. Faupel,Gregory Weaver,2004 Unlike most texts about drug use which are written either from a counseling psychology or physiology pharmacology point of view The Sociology of American Drug Use mainstreams the coverage for sociology and criminology programs and at the same time provides a broader sociological perspective on drug use Much of this material comes from Charles Faupel s own research experience among street heroin addicts on the East coast several chapters offer an ethnographer s perspective on the specific issues addressed while at the same time maintaining a focus on the basics of this substantive field *The Social Psychology of Leisure and Recreation* Seppo E. Iso-Ahola,1980 *Drug Abuse Prevention with Multiethnic Youth* Gilbert J. Botvin,Steven P. Schinke,Mario A. Orlandi,1995-08-12 What is known about the influence of ethnicity upon drug use How can this knowledge be used to develop prevention programmes for multi ethnic youth Contributors to this invaluable book address these and other pressing questions They consider specific problems and challenges confronting researchers involved in studying substance abuse in minority communities explore explanations for racial and ethnic differences in drug use and examine possible risk and protective factors which influence use Current drug abuse prevention models in settings including schools communities and homeless shelters are also presented
