The Pakistan Trap:

The Pakistan Trap Rajeev Sharma, 2001 A Collection Of Articles Relating To 250 Pak Relation That Discuss The Form Diplomatic Military Political Fundamentalist Argues As Well As The Nuclear Issue And Intelligence Aspects Articles Are By Those Who Have Been Policy Makers At One Time Or The Other 13 Papers In All Without Dustjacket *Pakistan's Inter-Services Intelligence Directorate* Owen L. Sirrs, 2016-07-01 This book is the first comprehensive study of Pakistan's Inter Services Intelligence Directorate ISI The rise of Pakistan backed religious extremist groups in Afghanistan India and Central Asia has focused international attention on Pakistan's premier intelligence organization and covert action advocate the Inter Services Intelligence Directorate or ISI While ISI is regarded as one of the most powerful government agencies in Pakistan today surprisingly little has been written about it from an academic perspective This book addresses critical gaps in our understanding of this agency including its domestic security mission covert backing of the Afghan Taliban and its links to al Qaeda Using primary source materials including declassified intelligence and diplomatic reporting press reports and memoirs this book explores how ISI was transformed from a small negligible counter intelligence outfit of the late 1940s into the national security behemoth of today with extensive responsibilities in domestic security political interference and covert action This study concludes that reforming or even eliminating ISI will be fundamental if Pakistan is to successfully transition from an army run national security state to a stable democratic society that enjoys peaceful relations with its neighbours This book will be of interest to students of intelligence studies South Asian politics foreign policy and international security in general

Exiting the Fragility Trap David Carment, Yiagadeesen Samy, 2019-10-15 State fragility is a much debated yet underinvestigated concept in the development and international security worlds Based on years of research as part of the Country Indicators for Foreign Policy project at Carleton University *Exiting the Fragility Trap* marks a major step toward remedying the lack of research into the so called fragility trap In examining the nature and dynamics of state transitions in fragile contexts with a special emphasis on states that are trapped in fragility David Carment and Yiagadeesen Samy ask three questions Why do some states remain stuck in a fragility trap What lessons can we learn from those states that have successfully transitioned from fragility to stability and resilience And how can third party interventions support fragile state transitions toward resilience Carment and Samy consider fragility's evolution in three state types countries that are trapped countries that move in and out of fragility and countries that have exited fragility Large sample empirical analysis and six comparative case studies Pakistan and Yemen trapped countries Mali and Laos in and out countries and Bangladesh and Mozambique exited countries drive their investigation which breaks ground toward a new understanding of why some countries fail to see sustained progress over time

Pakistan's Wars Tariq Rahman, 2022-06-09 This book studies the wars Pakistan has fought over the years with India as well as other non state actors Focusing on the first Kashmir war 1947-48 the wars of 1965 and 1971 and the 1999 Kargil war it analyses the elite decision making which leads to these conflicts and tries

to understand how Pakistan got involved in the first place The author applies the gambling model to provide insights into the dysfunctional world view risk taking behaviour and other behavioural patterns of the decision makers which precipitate these wars and highlight their effects on India Pakistan relations for the future The book also brings to the fore the experience of widows children common soldiers displaced civilians and villagers living near borders in the form of interviews to understand the subaltern perspective A nuanced and accessible military history of Pakistan this book will be indispensable to scholars and researchers of military history defence and strategic studies international relations political studies war and conflict studies and South Asian studies

Jammu and Kashmir War, 1947-1948 Kuldip Singh Bajwa, 2003 An in-depth examination of the political and military perspectives of Jammu and Kashmir War 1947-48 throws up many intriguing questions What was the British role in the Kashmir conflict Why did the Nehru dominated Indian leadership fail to defend and promote vital national interests There are many more such questions Maj Gen Bajwa makes an honest attempt to find the answers

Pakistan Ikramul Haq, 2003 The author has meticulously documented a twin threat to Pakistan's very existence in his excellent study on the drug trap and interrelated debt trap His clearly stated intention and obligation as an advocate of a strong civil society is to alert his fellow countrymen against Pakistan's journey from Kingdom of Heroin to Bankrupt nuclear State Dr Ikramul Haq's concern however is not only confined to his home country Pakistan On the one hand he thoroughly analyses how military and civilian leaders have led their country into a crippling debt trap and which the role narco money has played in this power game On the other hand he painstakingly reveals the external factors which have facilitated and accelerated Pakistan's fall into the debt trap He rightly argues that Pakistan's ill-fated situation illustrates the deep problems of poor countries in general Everyone will agree with his strong appeal that in the global village it is the obligation of the rich countries to support the poorest ones in getting out of their debt trap
