## **Turbulent Dream:**

**The Turbulent Dream** Geoffrey Thurley, 1983      **Dreams in French Literature** Tom Conner, 2023-10-16 The nine essays in this volume deal with several well known French authors through the ages for example Descartes Voltaire Mme de Sta l Nerval Verlaine and explore the problematic relationship between dreams and literature Generally speaking contributors are interested in the production of literary meaning How does various dream material ranging from the traditional dream to visions and hallucinations and day dreams come to be And how is the dream image transformed into discourse What exactly is the relationship between dream and narrative Each essay focuses on a different author and different period ranging from the Middle Ages to the late nineteenth century but also takes a unique critical and theoretical approach What the contributors have in common though is an analytical sensemaking strategy that characterizes the interpretation of dreams through the ages from ancients such as Artemidorus and Cicero to modern thinkers such as Freud Most of the texts studied here from the Chanson de Roland to Chateaubriand s M moires d outre tombe lend themselves to this type of approach because they promote narrative unity So too do Voltaire Mme de Sta l Nerval and Verlaine Many if not most texts however in the end turn out to be not quite so tightly knit as one may have supposed at first and in the case of Agrippa d Aubign and Descartes the reader is in for several surprises when the normal course of events leading from dream to text from signifier to signified is interrupted and subverted      *Menippean Satire and the Republic of Letters, 1581-1655* Ingrid A.
