Turismo Sexual:

Sex and the Sexual during People's Leisure and Tourism Experiences Neil Carr, Yaniv Poria, 2010-05-11 Sex and the sexual have for far too long been consigned to the dark corners by social scientists in general and tourism and leisure scholars in particular Sex and the Sexual During People's Leisure and Tourism Experiences seeks to begin to rectify this situation by bringing the position and nature of sex and the sexual into the light of academic debate As such this book is designed to highlight cross disciplinary emerging work on sex and the sexual in leisure and tourism and provide the readers with insights into this social realm It encompasses a broad array of sex related issues and tourism and leisure environments from across a variety of countries The book should appeal to researchers and students across the humanities and social sciences both for the value of the research in its own right and the ability of it to be used as a lens through which to view the position of sex and the sexual as well as tourism and leisure in today's world Overall it is argued that sex and the sexual should play a part in the academic discourse especially if we wish to describe what is actually happening out there as far as tourism and leisure are concerned

Sex Tourism in Bahia Erica Lorraine Williams, 2013-10-30 For nearly a decade Brazil has surpassed Thailand as the world's premier sex tourism destination As the

first full length ethnography of sex tourism in Brazil this pioneering study treats sex tourism as a complex and multidimensional phenomenon that involves a range of activities and erotic connections from sex work to romantic transnational relationships Erica Lorraine Williams explores sex tourism in the Brazilian state of Bahia from the perspectives of foreign tourists tourism industry workers sex workers who engage in liaisons with foreigners and Afro Brazilian men and women who contend with foreigners stereotypical assumptions about their licentiousness She shows how the Bahian state strategically exploits the touristic desire for exotic culture by appropriating an eroticized blackness and commodifying the Afro Brazilian culture in order to sell Bahia to foreign travelers

Labelling migrants who sell sex. J. Lima de Pérez, 2015-07-15 Migrants who sell sex is a vast category which includes a variety of ever changing and fluid experiences These experiences however are often a secondary consideration when it comes to categorizing said migrants Adapted from the homonymous publication based doctoral thesis defended by the author at Ghent University on 30 June 2015

Labelling migrants who sell sex explores the construction manipulation and imposition of the labels of victim of trafficking and migrant sex worker and their consequences Through a case study of Brazilian migrants in Spain and Portugal this book delves into the motivations of both receiving developed and sending developing countries which shape their construction of the labels of migrants working in the sex industry and their application It considers issues such as the varying definitions of these labels in national legislation and policies the effect of the manipulation of labels on trafficking statistics the problems faced by migrants who sell sex outside of the trafficking context and the treatment given to those labelled as potential victims of trafficking before and after reaching their country of destination

Tourist Attractions Gregory Mitchell, 2015-12-09 While much attention has been paid in recent years to heterosexual prostitution and sex tourism in Brazil gay sex tourism has been almost completely overlooked In *Tourist Attractions* Gregory C Mitchell presents a pioneering ethnography that focuses on the personal lives and identities of male sex workers who occupy a variety of roles in Brazil s sexual economy Mitchell takes us into the bath houses of Rio de Janeiro where rent boys cruise for clients and to the beaches of Salvador da Bahia where African American gay men seek out hustlers while exploring cultural heritage tourist sites His ethnography stretches into the Amazon where indigenous fantasies are tinged with the erotic at eco resorts and into the homes of kept men who forge long term long distance transnational relationships that blur the boundaries of what counts as commercial sex Mitchell asks how tourists perceive sex workers performances of Brazilianness race and masculinity and in turn how these two groups of men make sense of differing models of racial and sexual identity across cultural boundaries He proposes that in order to better understand how people experience difference sexually we reframe prostitution which Marxist feminists have long conceptualized as sexual labor as also being a form of performative labor *Tourist Attractions* is an exceptional ethnography poised to make an indelible impact in the fields of anthropology gender and sexuality and research on prostitution and tourism

Gringo Love Marie-Eve Carrier-Moisan, 2020-07-25 In the city of Natal in northeast Brazil several local women

negotiate the terms of their intimate relationships with foreign tourists or gringos in a situation often referred to as sex tourism. These women each have different experiences but they all share in the desire to escape their lives as young poor racialized women in Brazil. Based on original ethnographic research and presented in graphic form, *Gringo Love* explores the hopes, dreams, and experiences of these women against a backdrop of entrenched social inequality and increasing state surveillance leading up to the World Cup of 2014. It touches on important contemporary scholarly issues including sexual economics, transnational mobility, transnational love and relationships, romantic imaginaries, gender representation, race and inequality, visual anthropology, and ethnographic methods. The graphic story is accompanied by analysis and contextual discussions which encourage students to engage with the narrative and expand their understanding of the broader social issues therein.

Pleasure and It's Pain Amalia Lucia Cabezas, 1998 [The Tourism we do not talk about. A study on Sexual Exploitation of Children in Tourism, with a focus on Argentina and Brazil](#) Alana Hartmann Matschulat, 2018-01-05

Countries facing substantial socioeconomic problems where tourism acts as an engine for development often become vulnerable to the phenomenon known as sex tourism. South America is a region that shows a high incidence of commercial activities of this kind which also hides many forms of exploitation, sex trade of children being one of the most serious. What leaves room for its occurrence often are the gaps present in the legislations along with the obsolete applicability of such laws or even our indifference as actors capable of provoking social change. This book contains a study that seeks to identify the origins of the occurrence and the legal apparatus available to deal with the incidence of commercial sexual exploitation of children in the region, focusing on Brazil as a pioneer and Argentina a recent country dealing with such an issue. Through an analysis of the evolution of the legal framework in both countries and the international mechanisms, the book is also an invitation to the reader to reflect on this unmentioned side of tourism.

[Investigation on the Trafficking, Sex Tourism, Pornography and Prostitution of Children in Central America and México](#), 2002 *Sex Tourism* Michael C. Hall, Chris Ryan, 2005-07-08

Sex Tourism examines the issues which emerge from sex worker-client interactions and from tourists visiting sex destinations. It is a comprehensive summary of past research by academics and original primary and secondary research by the authors and has examples from Asia, Australasia, and the USA. The authors have generated new models to show different dimensions of sex tourism which normalise at least some components of the sex industry and represent a new way of looking at sex tourism by challenging the preconceived perceptions that some people have of sex tourism or confirm the impression of others. *Sex Tourism* looks at issues of importance to those working in tourism, women's studies, gender studies, and social change.

Sex at the Margins Laura María Agustín, 2007-05-01

This groundbreaking book explodes several myths that selling sex is completely different from any other kind of work that migrants who sell sex are passive victims and that the multitude of people out to save them are without self-interest. Laura Agustín makes a passionate case against these stereotypes, arguing that the label 'trafficked' does not accurately describe migrants' lives and that the rescue

industry disempowers them Based on extensive research amongst migrants who sell sex and social helpers Sex at the Margins provides a radically different analysis Frequently says Agust n migrants make rational choices to travel and work in the sex industry Although they are treated like a marginalised group they form part of the dynamic global economy Both powerful and controversial this book is essential reading for all those who want to understand the increasingly important relationship between sex markets migration and the desire for social justice *Gringo Gulch* Megan Rivers-Moore,2016-08-04 Gringo Gulch is a spot in San Jose Costa Rica home of female sex workers who have male clients from abroad from North America in particular Rivers Moore s work leads the way in a burgeoning scholarly initiative to explore global sex tourism based on long term qualitative research Her work on the gulch is populated not only by sex workers and their clients but also by state agents and NGO workers All of them she argues use sex tourism as a strategy for getting ahead Rivers Moore addresses central questions why has Costa Rica a middle income country thought to be an exceptional success in Latin America emerged as a major site of sex tourism How do sex tourists and sex workers derive meaning from their experiences in what way do they profit from their encounters with each other And how has the neoliberal entrenchment of state services and provisions across Latin America affected the role of the nation state in relation to sexuality This book shifts the conventional analysis away from questions of whether third world women s participation in sexual exchanges with first world men in tourism economies are exploitative it asks instead new questions about how something is gained by all parties involved presenting opportunities for economic and social mobility in terms of class positioning for all Audiences for the book will include anthropologists sociologists historians geographers as well as scholars in Latin American and Caribbean studies *What's Love Got to Do with It?* Denise Brennan,2004-05-14 An ethnographic case study of sex tourism in the Dominican Republic showing how the sex trade is linked to economic and cultural globalization **Sex Tourism and Prostitution** Martin Oppermann,1998 **Interpretación de los principios de igualdad y no discriminación para los derechos humanos de las mujeres en los instrumentos del sistema interamericano** Ana Elena Badilla,2009 Ficción erótica española desde 1970 Martha Eulalia Altisent,2006 Presents a study on the subject of sentimental and sexual attitudes as reflected in Spanish contemporary short fiction that focuses on the changing moods mores and protocols of sexual expression since the end of Franco s dictatorship In Modern Bondage David E.
