Turkey Hunters Bible:

The Turkey Hunter's Bible 2nd Edition John E Phillips,2014-03-14 After more than 45 years of turkey hunting experience with some of the best callers and hunters in the nation author John E Phillips has developed The Turkey Hunter s Bible to be a complete reference on how to find call take clean and prepare the wild turkey for the table The author has taken several birds of each subspecies of wild turkey in the continental United States and Mexico But more importantly he s hunted with some of the greatest turkey hunters who ever have lived In The Turkey Hunter s Bible you ll get the most up to date complete guide to one of America s fastest growing hunting sports complete coverage of every aspect of the sport hunting gear techniques turkey species shooting bowhunting and much more and plenty of turkey pictures hunting pictures and line drawings Using these hunting tips you also can photograph turkeys in the wild either with a still camera or a video camera The mating ritual of the wild turkey gobbler is a beautiful thing to see When a mature tom spreads his tail calls all of his feathers to attention so they stand and make the bird look almost twice as big as he is he s showing off for the hens Whether you want to photograph wild turkeys or take wild turkeys this book will provide you with the information you need to meet the toms on their own turf However the author issues this caution Turkey hunting is very addictive The call of the wild turkey gobbler is as alluring as the call of the Sirens of ancient Greece And I ve found that when the dogwoods bloom and Jack Frost is chased away by Mother Earth resisting the temptation to go to the woods and call a gobbler is almost impossible Be sure and check out the bonus videos in the last chapter where the author has interviews on how to solve turkey hunting problems with some of the greatest names in the sport including Will Primos Preston Pittman Harold Knight Chris Parrish and Eddie Salter To make sure your next turkey hunt is a success this turkey ebook is a must have *Ray Eye's Turkey Hunting Bible* Ray Eye,2012-02-21 Legendary turkey hunter Ray Eye provides all of the information you need to know to successfully hunt wild turkeys across the country how to scout how and when to call special tactics for the early season how to hunt pressured turkeys how to hunt heavy timber or open fields and much much more Told in Ray s down home folksy manner the book not only informs but entertains as well There s also a bonus storytelling section that will have you laughing in stitches as you read of some of Ray s more ponderous exploits *Ray Eye's Turkey Hunting Bible* Ray Eye,2014-04-01 Legendary turkey hunter Ray Eye provides all of the information you need to know to successfully hunt wild turkeys across the country how to scout how and when to call special tactics for the early season how to hunt pressured turkeys how to hunt heavy timber or open fields and much much more Told in Ray s down home folksy manner the book not only informs but entertains as well There s also a bonus storytelling section that will have you laughing in stitches as you read of some of Ray s more ponderous exploits **The Turkey Hunter's Bible 2nd Edition** John E. Phillips,2014-04-07 Provides complete coverage of every aspect of turkey hunting equipment techniques varieties shooting and bowhunting and more *The Turkey Hunting Guides' Bible* John Phillips,2016-08-10 The quickest way to learn how to turkey hunt successfully is to either hunt with a turkey

hunter with years of experience or a turkey hunting guide These two types of turkey hunters have solved most of the problems turkey hunters ever will face They don't always get their birds but they're far more experienced than anyone else I know Since writing this book and from hunting with some of the best turkey hunters and guides in the country I've learned that the more experience that turkey hunters have in turkey woods the more likely that they'll be successful Too each turkey hunting guide has his own style of calling hunting and outsmarting turkeys In this book you will learn that successful guides call a little and wait a lot call a lot and wait a little while call so softly you barely can hear them call so loudly that their calling will seem to knock the leaves off the trees or blow your head off run to a gobbler at first light and try to take him as soon as he hits the ground won't even try to call a turkey while the longbeard is on the roost but will wait until the bird flies down and establishes the route he'll travel that day leave a gobbler that's reluctant to come within gun range and hunt different turkeys they believe they can call in quicker move as slowly and as quietly as possible as they go to turkeys walk fast and scratch the leaves as they walk to make gobblers think they are hen turkeys coming to them crawl to get really close to turkeys to take their shot won't crawl if they can't get turkeys to come in to their calling believe that the most important part of their hunts is teaching the people they're guiding how to hunt turkeys and believe that the most important part of the hunts is getting a tom turkey within gun range for the hunters they're guiding Just as one size of shoes won't fit every person one style of turkey hunting doesn't fit each hunter That's why we've also asked several hunters why they hunt with different turkey hunting guides each season Over the years I've learned that regardless of where and what race of turkeys you hunt each gobbler has his own likes and dislikes While reading this book make a list of the new information you've learned take that list with you during turkey season and try some of the new tactics Then you'll become a more versatile turkey hunter and prove the wisdom from *The Turkey Hunting Guides Bible* *The Turkey Hunter's Bible* John E. Phillips, 1992 *The Gamebird Hunter's Bible* Robert Elman, 1993 *The Upland Game Hunter's Bible* Dan Holland, 1961 [How to Take Monster Bucks](#) John E.
