## **Turner In The South:**

*The Confessions of Nat Turner* Thomas R Gray, Nat Turner, 2019-08-22 Nat Turner is widely regarded as one of the most complex figures in American history and American literature October marks the anniversary both of his birth and of his arrest as the leader of one of the United States most famous slave rebellions Nat Turner was born October 2 1800 on a plantation in Southampton County Virginia Turner was deeply committed to his Christian faith and believed he received messages from God through visions and signs in nature When he was in his early 20s these signs led him to return to his master after an escape attempt Similarly a solar eclipse and an unusual atmospheric event are believed to have inspired his insurrection which began on August 21 1831 Nat Turner s rebellion was one of the bloodiest and most effective in American history It ignited a culture of fear in Virginia that eventually spread to the rest of the South and is said to have expedited the coming of the Civil War In the immediate aftermath of the rebellion however many Southern states including North Carolina tightened restrictions on African Americans Over the course of two days dozens of whites were killed as Turner s band of insurrectionists which eventually numbered over fifty moved systematically from plantation to plantation in Southampton County Most of the rebels were executed along with countless other African Americans who were suspected often without cause of participating in the conspiracy Nat Turner though eluded capture for over two months He hid in the Dismal Swamp area and was discovered accidentally by a hunter on October 30 He surrendered peacefully

**Nat Turner and the Rising in Southampton County** David F. Allmendinger, 2014-11 In August 1831 in Southampton County Virginia Nat Turner led a bloody uprising that took the lives of some fifty five white people men women and children shocking the South Nearly as many black people all told perished in the rebellion and its aftermath Nat Turner and the Rising in Southampton County presents important new evidence about the violence and the community in which it took place shedding light on the insurgents and victims and reinterpreting the most important account of that event *The Confessions of Nat Turner* Drawing upon largely untapped sources David F Allmendinger Jr reconstructs the lives of key individuals who were drawn into the uprising and shows how the history of certain white families and their slaves reaching back into the eighteenth century shaped the course of the rebellion Never before has anyone so patiently examined the extensive private and public sources relating to Southampton as does Allmendinger in this remarkable work He argues that the plan of rebellion originated in the mind of a single individual Nat Turner who concluded between 1822 and 1826 that his own masters intended to continue holding slaves into the next generation Turner specifically chose to attack households to which he and his followers had connections The book also offers a close analysis of his *Confessions* and the influence of Thomas R Gray who wrote down the original text in November 1831 Allmendinger draws new conclusions about Turner and Gray their different motives the authenticity of the confession and the introduction of terror as a tactic both in the rebellion and in its most revealing document Students of slavery the Old South and African American history will find in Nat Turner and the Rising in

Southampton County an outstanding example of painstaking research and imaginative family and community history The exhaustive research Allmendinger presents greatly enriches our historical understanding of the Southampton Rebellion through the eyes of its key victims Nat Turner and the Rising in Southampton County reveals important dimensions of the rebellion s local history and contextualizes the event as Nat Turner did within the context of slavery in Southampton County Reviews in History Allmendinger s great achievement is that he made full use of new primary sources related to the uprising of 1831 new sources hitherto hidden in plain sight Most importantly he understood the significance of this material and knew exactly how to mine it for valuable new insights into virtually every aspect of Nat Turner s rebellion Reviews in American History No one has done more to corroborate and sync the details nor to illuminate Turner s inspirations and goals Nat Turner and the Rising in Southampton County is a model of historical methodology and goes further than any other previous work in helping readers understand Turner s motives and meaning African American Intellectual History Society We are all in David Allmendinger s debt for the labor of research that has given The Rising in Southampton County its absent material context Law and History Review Though the subject of countless histories novels videos and websites Nat Turner the leader of the largest slave insurrection in U S history remains an enigma yet in this new and challenging study the life and times of the legendary revolutionary come into much better focus A must read for historians of slave resistance and all others interested in the history of antebellum Virginia and in particular Southampton County Register of the Kentucky Historical Society Allmendinger approaches a well trodden historical event from a distinctive perspective He provides the most complete historical context surrounding the rebellion Ultimately Allmendinger succeeds in providing a more complete understanding of the community of Southampton Virginia and offers a better explanation for the motivations that led Turner and his followers down such a bloody path in 1831 Choice David F Allmendinger Jr is professor emeritus of history at the University of Delaware He is the author of Paupers and Scholars The Transformation of Student Life in Nineteenth Century New England and Ruffin Family and Reform in the Old South **Turner in the South** Cecilia Powell,1987 Turner Family of Georgia and South Carolina Ruth Turner Fitts,1982 **Arboretum Et Fruticetum Britannicum, Or, the Trees and Shrubs of Britain** John C.
