The Turning Point in the Gospel of Mark Gregg S. Morrison, 2014-09-24 Based on linguistic and thematic links in the narrative The Turning Point in the Gospel of Mark argues that the twin pericopae of Peter s confession 8 27 38 and the Transfiguration 9 2 13 together function as the turning point of the Gospel and serve in a Janus like manner enabling the reader to see the author s main focus the identity of Jesus and the significance of that reality for his disciples Peter s confession of Jesus as Messiah faces backward toward the Prologue 1 1 13 and functions as a mid course conclusion The declaration by God on the mountain faces forward and foreshadows the end course conclusion 14 61 62 15 39 Son of God Jesus in response teaches that the Son of Man must suffer and die before being raised from the dead 8 31 Christologically the images of Messiah Son of Man and Son of God converge and present Jesus the crucified as king ushering in the kingdom of God in power 9 1 acting as the key swivel between the twin pericopae When one is confronted with this Jesus though there remains something elusive about him and the kingdom of God in the narrative the only wise decision after calculating the costs 8 34 38 is to follow

*Stalingrad And The Turning Point On The Soviet-German Front, 1941-1943* Captain Dennis W. Dingle, 2014-08-15 This study is an historical analysis of the Soviet German conflict during World War II and focuses on the years 1941 1943 It examines the relative economic and military power of the two nations to determine if there was a shift in advantage or turning point during that period To quantify those elements of power it uses criteria taken from a current strategic analysis model This model assesses elements of national power to aid in strategic problem solving and international policy formulation Specific criteria are applied to four specific military events between 1941 and 1943 The resulting data is then graphed to compare relative military and economic power The graphs serve as the basis for conclusions Among the conclusions which may be drawn from this study are the Battle of Stalingrad was not the economic turning point of the war when considering the criteria of industrial labor and

armaments production Stalingrad was the military turning point considering military forces and equipment on the Soviet German front This study concludes that this method of assessing relative national power of nations can be applied in an historical context to evaluate past wars It may assist historians to better understand the factors that led to various turning points throughout history **The Turning Point** Preston Gibson,1910 **It's about Time** Phyllis Moen,2003 Table of contents **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954**,2003 **Turning Points of English Church History** Edward Lewes Cutts,1892 [Turning Points in Successful Careers](#) William M.
