## Untold Story Of Exploration:

**The untold story of exploration** Lowell Thomas,1936 [The Untold Story of Exploration ... With Illustrations, Etc](#)  
Lowell Thomas,1936 **Karluk : the Great Untold Story of Arctic Exploration and Survival** William Laird  
McKinlay,1979-08 *Karluk* William Laird McKinlay,2000 **Titan Unfinished** Guillermo A. M. Söhnlein,2025-11-18 Titan  
Unfinished is more than a recounting of the events that led to the tragedy it s an up close personal account of Stockton s  
journey from the conception of OceanGate to his sudden death told by one of the few people who was with Rush from the  
very start Fellow cofounder Guillermo Sohnlein examines the full humanity of the man behind OceanGate s ambitious mission  
and offers insights extending far beyond the attention grabbing headlines detailing Rush s temperament motivations and  
tendencies as well as the technology operations and key events at play in a story that has thus far been massively  
oversimplified **Karluk** William Laird McKinlay,2000 William Laird McKinlay was a twenty five year old Scottish  
schoolteacher when he set out as meteorologist on this 1913 expedition to the Arctic Barely before the expedition had begun  
Karluk their ship was crushed and sunk in ice He narrates the story of the crew s nightmare struggle for survival in the face  
of ignorance lack of leadership and appalling conditions No attempt had been made to select the crew for compatibility or  
strength of character and they were untrained in any skills essential to survival in the Arctic So they were left stranded in the  
Arctic ice while their leader continued his northern exploration not returning for five years Eight men died moving across the  
heaving ice floes one man shot himself two died of malnutrition and the rest barely managed to keep alive until rescue came  
The account of their ordeal is a deeply moving tribute to human courage and endurance and above all to man s overpowering  
will to live **Empire of Ice and Stone** Buddy Levy,2022-12-06 National Outdoor Book Awards Winner The true harrowing  
story of the ill fated 1913 Canadian Arctic Expedition and the two men who came to define it In the summer of 1913 the  
wooden hulled brigantine Karluk departed Canada for the Arctic Ocean At the helm was Captain Bob Bartlett considered the  
world s greatest living ice navigator The expedition s visionary leader was a flamboyant impresario named Vilhjalmur  
Stefansson hungry for fame Just six weeks after the Karluk departed giant ice floes closed in around her As the ship became  
icebound Stefansson disembarked with five companions and struck out on what he claimed was a 10 day caribou hunting trip  
Most on board would never see him again Twenty two men and an Inuit woman with two small daughters now stood on a mile  
square ice floe their ship and their original leader gone Under Bartlett s leadership they built make shift shelters surviving  
the freezing darkness of Polar night Captain Bartlett now made a difficult and courageous decision He would take one of the  
young Inuit hunters and attempt a 1000 mile journey to save the shipwrecked survivors It was their only hope Set against the  
backdrop of the Titanic disaster and World War I filled with heroism tragedy and scientific discovery Buddy Levy s Empire of  
Ice and Stone tells the story of two men and two distinctively different brands of leadership one selfless one self serving and  
how they would forever be bound by one of the most audacious and disastrous expeditions in polar history considered the last

great voyage of the Heroic Age of Discovery     Antarctica and the Arctic Circle Andrew J. Hund,2014-10-14 This one stop reference is a perfect resource for anyone interested in the North and South Poles whether their interest relates to history wildlife or the geography of these regions in the news today Global warming a hot topic among scholars of geography and science has led to increased interest in studying the earth s polar ice caps which seem to be melting at an alarming rate This accessible two volume encyclopedia lays a foundation for understanding global warming and other issues related to the North and South Poles Approximately 350 alphabetically arranged user friendly entries treat key terms and topics important expeditions major figures territorial disputes and much more Readers will find information on the explorations of Cook Scott Amundsen and Peary articles on humpback whales penguins and polar bears and explanations of natural phenomena like the Aurora Australis and the polar night Expedition tourism is covered as is climate change Ideal for high school and undergraduate students studying geography social studies history and earth science the encyclopedia will provide a better understanding of these remote and unfamiliar lands and their place in today s world     **The Ice Master** Jennifer Niven,2002-03-01 A riveting adventure the true story of a 1913 Arctic expedition that ended in disaster and the captain s daring journey to save his surviving crew Booklist In 1913 the former whaling ship Karluk set out in search of an undiscovered continent with the largest scientific staff ever sent into the Arctic Soon after as winter took hold they were blown off course by polar storms When the ship became imprisoned in ice it was abandoned by the expedition leader Vilhjalmur Stefansson Hundreds of miles from civilization the castaways had no choice but to find solid ground as they struggled against starvation snow blindness disease exposure and each other After almost a year twelve survivors were rescued thanks to the heroic efforts of their captain Robert Bartlett who traveled by foot across the ice and through Siberia to find help Drawing on the diaries of those who were rescued and those who perished Jennifer Niven re creates with astonishing accuracy the ill fated journey and the crews desperate attempts to find a way home     *The National Union Catalog, Pre-1956 Imprints* ,1968     **World Explorers And Discoverers** Richard E. Bohlander,1998-03-21 From pre Christianity to the 20th century this reference work provides portraits of over 275 of the world s explorers geographers chroniclers and inventors Each profile details the subject s life personality adventures achievements and the controversies if any surrounding the discovery     *Standard Catalog for Public Libraries* H.W.
