**How to Know When Your Man Is up to No Good** Nelson Brown,2006-05-05 So you couldnt get a hold of him the other day Hes told you more than a few times that hes out with his male friends you seldom see or know Maybe he stayed out hours after everyplace in town had closed Or perhaps hes displayed some other behavior that had you suspicious of his real whereabouts Well if you combine these seemingly minor discrepancies with other actions in a relationship then possibly your man is up to no good He could be having an affair right under your nose It doesnt matter if youve been with him for three weeks or thirty years There are men in our society who simply refuse to be faithful Its like they just have to be like a dog They will attempt to use all kinds of tactics and lies to keep you thrown off of their casual encounters In a nut shell they dont want you to ever discover that they are up to no good After all they did use whatever skills they possessed to land you in their life These men want to have their cake and eat it too What has it really gotten you If youre anything like most women who have gone through being with an unfaithful man then its probably consisted of countless days of headaches heartaches and a bunch of unnecessary drama in your life Now here is the chance to know when your man is up to no good This book written by a man who cares and has over 25 years of experience with relationships will shed more light to every womans eyes to particular behaviors to be aware of from the man who is in your life or attempting to be in your pants And it will share specific characteristics to completely avoid from the very beginning How to know when your man is up to no good will have you paying much more attention to small details that you once ignored In the end if you do it right youll have much more satisfaction in your personal life A must own for every woman on the planet
