Urban Christian:

China's Urban Christians Brent Fulton, 2016-12-29 *China's Urban Christians: A Light That Cannot Be Hidden* looks at how massive urbanization is redrawing not only the geographic and social landscape of China but in the process is transforming China's growing church as well. The purpose of this book is to explore how Christians in China perceive the challenges posed by their new urban context and to examine their proposed means of responding to these challenges. Although not primarily political in nature, these challenges nonetheless illustrate the complex interplay between China's Christian community and the Chinese party state as it comes to terms with the continued growth and increasing prominence of Christianity in modern China.

The Urban Christian Raymond J. Bakke, Jim Hart, 1987-11-30 Drawing on his 20 years of work in inner city Chicago, Ray Bakke pinpoints the special needs of urban dwellers and outlines effective strategies for ministry in the cities.

After the First Urban Christians Todd D. Still, David G. Horrell, 2009-11-13 *After the First Urban Christians* introduces the groundbreaking volume *The First Urban Christians* to a new generation of students, scholars, and even general readers.

The First Urban Christians Wayne A. Meeks, 2003-01-01 Meeks analyzes the letters of Paul to see what kind of people joined the Christian groups in the urban centers and what it was like to be a Christian then.

Urban Apologetics Christopher W. Brooks, 2014-06-01 Much of the New Testament was written in urban settings in which the Christian communities had to deal head-on with issues such as race, equality, justice, sexuality, money, and economics. But much of today's apologetics engagement with the questions that people are asking about Christianity come from suburban churches and academic studies. Urban believers, those who live and minister in America's inner cities, often face unique issues not often addressed by the larger Christian community. These questions aren't neat or easy to answer but need to be addressed by applying biblical truth in the culture and challenges of urban life. Author Chris Brooks has ministered for years in the urban environment as well as received extensive theological training. In *Urban Apologetics*, he seeks to connect the riches of the Christian apologetic tradition with the issues facing cities such as poverty, violence, and broken families. He brings an urban rhythm and sensitivity to the task of demonstrating the relevance of faith and the healing truth that Christ provides.

Revitalizing Urban Neighborhoods William Dennis Keating, Norman Krumholz, Philip Star, 1996 Since the 1950s and the advance of urban renewal, local governments and urban policy have focused heavily on the central business district. However, such development has all but ignored the inner city neighborhoods that continue to struggle in the shadows of high-rise America. This analysis of urban neighborhoods in the United States from 1960 to 1995 presents fifteen essays by scholars of urban planning and development. Together, they show how urban neighborhoods can and must be preserved as economic, cultural, and political centers.

Urban Ministry Ronald Edward Peters, 2007 A comprehensive introduction to the particular challenges and opportunities of congregational ministry in urban settings. Urban ministry has long been a part of seminary curricula, but a basic and definitive understanding of what students should know as they prepare for congregational

ministry in the city has remained elusive Too often it is assumed that the theological resources developed for ministry in other settings are adequate for urban ministry but these resources fail to account for the unique challenges and opportunities of the urban setting Ronald Peters clarifies the nature of urban ministry as a theological discipline by showing how its core values of love justice community and reconciliation among others engage the issues of economics education family life public health ethnic relations and religious life in the urban environment Arguing that the city has always served as an arena of God s activity Peters articulates a theological rationale for urban ministry that is both hopeful and yet realistic affirming that God loves the city and its people and encouraging practitioners to do the same

Gornik, Maria Liu Wong,2017-10-09 We live in an urban age To a degree unprecedented in human history most of the world s people live in cities It is thus vital say Mark Gornik and Maria Liu Wong for Christians to think constructively about how to live out their faith in an urban setting In *Stay in the City* Gornik and Liu Wong look at what is happening in the urban church and what Christians everywhere can learn from it Once viewed suspiciously for their worldly temptations and vices cities are increasingly becoming centers of vibrant Christian faith Writing from their experience living and working in New York City Gornik and Liu Wong invite readers everywhere to join together in creating a more flourishing and faith filled urban world
