*US Financial Regulation and the Level Playing Field* H. Garten, 2001-01-19 What will deregulation and globalization of financial markets mean for the future of US financial regulation This book argues that the uniqueness of US regulation derives from its success in promoting four principles of competitive fairness that US players demand from financial markets The peculiar US notion of a level playing field provides a novel approach to understanding the evolution of US regulation including recent reform and to predicting US attitudes toward questions of global financial market supervision
