Works Companion:

The Routledge Companion to Wellbeing at Work Cary Cooper, Michael Leiter, 2017-05-18 Over recent years many companies have developed an awareness of the importance of an active rather than passive approach to wellbeing at work. Whilst the value of this approach is widely accepted, turning theory into effective practice is still a challenge for many companies. The Routledge Companion to Wellbeing at Work is a comprehensive reference volume addressing every aspect of the topic. Split into five parts, it explores different models of wellbeing, personal qualities contributing to wellbeing, job insecurity and organizational wellbeing, workplace supports for wellbeing and initiatives to enhance wellbeing. The international team of contributors provide a solid foundation to research and practice, including contemporary topics such as architecture, coaching and fitness in the workplace. Edited by two of the world's leading scholars on the subject, this text is a valuable tool for researchers, students and practitioners in HRM and organizational psychology.

Henry, 1911 The Reformation Pierre Berthoud, Pieter J. Lalleman, 2017-09-07 The papers in this volume are less a commemoration of the Reformation than a discussion of its meaning in the era after 2017. What is celebrated in 2017 is not the Reformation as such, but the beginning of the Reformation. It was the dynamics of the new theology of Luther and Calvin that caused a radical change with global effects. Reformation is not just an historical event, but an ongoing movement of renewal and change. The message of the Reformation constantly challenges us to think through positions, actions, attitudes and programs. This book presents contributions from eleven experts from all over Europe who deal with their various topics on the conviction that the essence of Luther's theology does not need to be adapted to make it relevant. The papers originated at the 2016 conference of the Fellowship of European Evangelical Theologians which was held in Lutherstadt Wittenberg.
