World Of Masons:

The Freemasons Jasper Ridley,2011-05-15 Captures the organization s fundamental outlook and its morality Ridley is an enchanting storyteller The Wall Street Journal *World's Masonic Register* Leon Hyneman,2022-07-26 Reprint of the original first published in 1860 *The Freemasons* Jasper Godwin Ridley,2001 A British historian who is not a Freemason debunks myths about Freemasonry being a threat to civilization as he traces this secret brotherhood s origins in Medieval building guilds role in the French and American Revolutions scandals anti Mason sentiment spread worldwide and modern presence in Britain and the US This is a reprint of a 1999 book c Book News Inc *Brothers of the Secret Lodge* William A. Hinson,John P. Morgan,2017-10-27 Freemasons claim that Masonry is open to any one of any faith and that it is a brotherhood to help other Masons This is used as a trap to entice new victims into their secret order All Freemasons take a deadly oath for each degree up to the 33rd degree They swear allegiance to Masonry above God and country and under pain of death and swear never to reveal the secrets of Freemasonry not even to their wives Therefore no matter what a Mason claims about their supposed good works or good intentions they cannot be believed Their real purpose is to undermine the teachings of Christianity They are the true masters of deceit Specifically anti Christian Masonry is working for a secular humanist new world order a Masonic Republic At Catholic University in Washington D C on June 30 1990 in a speech to the World Apostolate of Fatima Father Robert J Bradley S J stated Masonry is Secular Humanism incarnate Masonry is also Satanism incarnate The official position of American Freemasonry has been outlined in their publication *The New Age* The September 1950 issue describes God s Plan in America according to the distorted view of Masonry and asserts that Masonry is God s plan for America and that Christianity is in opposition to this plan of God Masons freely invoke the name of God but their god is not the God of the Bible Even some Catholics condemn this occult society in 1829 Pope Pius VIII warned Catholics concerning Masonry Their law is untruth their God is the devil and their cult is turpitude In other reports they describe some of the past Masonic successes in starting wars spawning revolutions causing assassinations and overthrowing organizations and even governments Their diabolical activities in America and their plans for a new world Masonic Order will be revealed and their promotion of the deadly heresy of indifferentism which maintains that all religions are of equal value will be discussed As a Mason works his way up through the 33 degrees of the Scottish Rite he is promised that he will attain the secret knowledge of the ancients secrets available only to the illuminated or Gnostic adepts Masonry is a pagan religion which adopts various religious symbols to deceive the unwary as in the case of the letter G which is often used within the two other Masonic symbols the square and the compass Many uninformed Christians assume that this G stands for the Trinitarian God when it actually represents the Masonic gnosis or generation *The Ancient Plan of Secret Societies* Huntington House 1990 asserts Though few Masons know it the god of Masonry is Lucifer What s the difference between worship of Lucifer and Satan Luciferians think they are doing good This is the ultimate secret of Masonry and of similar secret quasi Masonic

societies the worship of Lucifer William T Still writes that Masons believe Lucifer never fell to earth that Lucifer is really God and has been since the dawn of creation Adonay is their blasphemous term for the one true God of Christendom whom Luciferians denounce as the god of evil Masonry's god is the devil Lower degree Freemasons are not told of this secret and higher degree Freemasons will never admit it for the oaths forbid them to divulge Masonic secrets Masons take blood oaths in which they swear undivided primary allegiance to Masonry over Christ over country and over their wives and family under pain of a violent death A third Masonic evil is their promotion of the idea that all religions are equal This is the heresy of Indifferentism that would equate Christianity with Hinduism with Buddhism with aboriginal pantheism However their unconstrained hatred of Christianity belies this feigned equality Unfortunately the ethnic and religious diversity in America subtly indoctrinates the unsuspecting Christians

Freemasonry in Black and White Charles Harper, 2013-05-26 For too long have the norms of society found its way into Freemasonry and leading men of a Masonic Lodge instead of the beauty of Freemasonry being taught and sending this light into the world within enlightened minds that produces a better society The knowledge found within the walls of a lodge can make a man truly a better man within his faith a better father son husband and ultimately a better man for the world There are issues academic and social that are preventing this process from happening in Masonic lodges today For centuries a Masonic Lodge has been the place of higher learning Kings scholars presidents white collar and blue collar individuals have all advanced the beauty that the Creator of humankind God has innately placed within each of us Like the power of centripetal force goodness revolving in the center attracts goodness to it In America this circular motion is stalling and causes a regression in positive men emanating the beauty of the craft into society Quietly the separation of men due to the darkness of America's past hampers the liberation of each heart A lack of the ability to invest time in each Mason as was available in the past during the golden age of the fraternity to instill in him the beauty of truly being a point within a circle of ALL mankind has created a domino effect of negative repercussions that is gaining traction with the ability of masons to communicate and see masonry practiced in all parts of the world like never before Now is the time to halt the slide

Freemasons Charles River Editors, 2017-03-09 Includes pictures Profiles important people and conspiracy theories Includes online resources and a bibliography for further reading For decades parodies featuring ominous mysterious cults have been a favorite gag in pop culture These fraternal brothers are often depicted in some type of underground lair dressed in extravagant ceremonial robes with their faces hidden in their hoods seated around a long table brimming with Gothic chalices skulls and glittering dark treasure Flicks on the more morbid side might even show choppy flashing imagery of blood torture and sacrifices Like all art creativity is sparked by a source of inspiration and one of the most widely recognized muses of these kinds of scenes is none other than the Freemasons This ancient society descended from the ancient culture of stonemasonry is said to possess the deepest darkest and most inexplicable truths of the universe They are said to possess mystical powers like no other maybe even magic But does this stigma against the brotherhood have any merit or are they simply just severely misunderstood As many are aware Freemasons have been around for many centuries The Renaissance which came into full bloom between the 14th and 16th centuries saw a burst in creativity and advancement in an array of art forms throughout Europe Stonemason guilds rode the changing tides no longer did incoming apprentices have to be restricted by trade A great portion of these new apprentices were artists and free thinkers but still vowed to adhere to traditional stone cutter culture This new breed of masons separated from the orthodox operative masonry and began to foster what became known as speculative masonry Like most legends the origins of Freemasonry are still disputed to this day The earliest mention of the society traces back to The Halliwell Manuscript or Regius Poem which was supposedly authored sometime between the late 14th to the early 15th centuries The manuscript penned in exquisite Middle English and calligraphy consisted of 64 pages and 794 lines of rhyme It is considered the first of the time honored Masonic manuscripts and is generally accepted as the truthful history of the fraternity's beginnings The poem in question begins with Euclid a Greek mathematician from the 4th century BCE remembered today as the father of geometry The math whiz was said to have incorporated geometric sciences into a new field he dubbed masonry With this new and refined brand of science he traveled to Egypt and imparted his wisdom to the children of Egyptian nobles Whatever the organization's origins the budding phenomenon would one day transform into the Society of Freemasonry the bearers of divine secrets like no other and one of the most fascinating and controversial brotherhoods in the history of mankind The Freemasons The History of Freemasonry and the World's Most Famous Secret Society examines the origins and history of the controversial brotherhood its expansion across the globe and some of the most mindboggling conspiracy theories that surround the society to this day Along with pictures depicting important people places and events you will learn about the Masons like never before *Freemasonry*

Giles Morgan, 2012-08-10 The world of Freemasonry exerts a powerful influence on the modern imagination In an age when perceived notions of history are being increasingly questioned and re-examined it is perhaps inevitable that secretive societies such as the Freemasons find themselves at the center of considerable speculation and conjecture To some they

represent a powerful and shadowy elite who have manipulated world history throughout the ages whilst to others they are an altogether more mundane and benign fraternal organization Freemasonry today is a worldwide phenomenon that accepts membership from a diverse ethnic and religious range of backgrounds Entry to Freemasonry requires a belief in a Supreme Being although it insists it does not constitute a religion in itself The rituals and practices of Freemasonry have been viewed as variously obscure pointless baffling sinister and frightening An intensely stratified and hierarchical structure underpins most Masonic orders whose activities are focused within meeting points usually termed as Lodges Giles Morgan examines its historical significance George Washington and Benjamin Franklin were both Masons and its position and role in contemporary society
