The World's Story Eva March Tappan, 1914 **The World of Homer** Andrew Lang, 1910 In the perpetual running fight about the Homeric Homer Mr Andrew Lang has been for some years a most prominent champion In his latest return to the fray *The World of Homer* Jazzybee Publishing he lays about him in a very joyous and triumphant mood His foemen are all those who hold in some form or other that the Iliad is a mosaic produced by a long series of Ionian additions to an Achaean kernel Against them he maintains that the Iliad is in the main the work of a single poet as is shown by the unity of thought temper character and ethos that it is a work of one brief period because it bears all the notes of one age and is absolutely free from the most marked traits of religion rites society and superstition that characterise the preceding Aegean and the later Dipylon Ionian Archaic and historic periods in Greek life and art Homer is an Achaean poet composing for Achaean auditors at a time when the glow of Aegean late Minoan Mycenaean culture still flushed the sky In support of his contention he writes nearly three hundred pages under such captions as *The Homeric World in War Homer and Ionia Bronze and Iron Burial and the Future Life and The Great Discrepancies* It goes without saying that the argumentation is serious Some historians have long been in accord with Mr Lang's principal views while differing from him about many details but from friend and foe alike the book deserves attention **The World's Desire** Henry Rider Haggard, Andrew Lang, 1890

Warner, 1897 The World-wide Encyclopedia and Gazetteer, 1908 **Drama and the World of Richard Wagner** Dieter Borchmeyer, 2003-11-30 Richard Wagner continues to be the most controversial artist in history a perpetually troubling figure in our cultural consciousness The unceasing debate over his works and their impact for and against is one reason why there has been no genuinely comprehensive modern account of his musical dramas until now Dieter Borchmeyer's book is the first to present an overall picture of these musical dramas from the standpoint of literary and theatrical history It extends from the composer's early works still largely ignored to the Ring Cycle and Parsifal and includes Wagner's unfinished works and operas he never set to music Through lively prose we come to see Wagner as a librettist and as a man of letters rather than primarily as musical composer Borchmeyer uncovers a vast field of cultural and historical cross references in Wagner's works In the first part of the book he sets out in search of the various archetypal scenes opening up the composer's dramatic workshop to the reader He covers all of Wagner's operas from early juvenilia to the canonical later works The second part examines Wagner in relation to political figures including King Ludwig II and Bismarck and importantly in light of critical reactions by literary giants Thomas Mann whom Borchmeyer calls a guiding light in this exploration of the fields that Wagner tilled and Nietzsche whose appeal to philology is a key source of inspiration in attempts to grapple with Wagner's works For more than twenty years Borchmeyer has placed his scholarship at the service of the famed Bayreuth Festival With this

volume he gives us a summation of decades of engagement with the phenomenon of Wagner and at the same time the result of an abiding critical passion for his works

Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him.
