## **World We Have Lost Further Explored:**

*The World We Have Lost* Peter Laslett, 1971      *The World We Have Lost* Peter Laslett, 1999 This updated re issue of the third edition has been able to take account of the enormous amount of research which has been published since the last and Peter Laslett draws a detailed picture and reaches fuller conclusions      *Knowledge and Practice in English Medicine, 1550-1680* Andrew Wear, 2000-11-16 This is a major synthesis of the knowledge and practice of early modern English medicine in its social and cultural contexts The book vividly maps out some central areas remedies and how they were made credible notions of disease advice on preventive medicine and on healthy living and how surgeons worked upon the body and their understanding of what they were doing The structures of practice and knowledge examined in the first part of the book came to be challenged in the later seventeenth century when the new science began to overturn the foundation of established knowledge However as the second part of the book shows traditional medical practice was so well entrenched in English culture that much of it continued into the eighteenth century Various changes did however occur which set the agenda for later medical treatment and which are discussed in the final chapter      *Democratic Justice and the Social Contract* Albert Weale, 2013-08-15 This book offers a theory of democratic justice According to the theory justice emerges from collective agreement among political associates who enjoy approximate equality of power Such situations can be seen as social contracts and we find an empirical model for social contracts in the examples of successful common property resource regimes In these regimes participants craft collective rules of access to the means of production on an equal basis and producers are entitled to the full fruits of their labour To interpret this theoretically an account of practical rationality in terms of individual and public deliberation is required In tracing the move from small scale to large scale societies three important transformations become apparent in political institutions in the economy and in the functions of the household All are relevant to the understanding of justice In great societies representative parties making policy and law in shifting coalitions in parliaments elected by proportional representation exemplify political equality and so instance one form of democratic justice In the economy corporate hierarchies modify the full fruits principles not always in the direction of justice Redistribution is justified as a means of smoothing income across the life cycle rather than by appeal to economies of scale or a simple principle of need The sense of democratic justice requires commitment to the maintenance of those institutions that protect common interests whilst acknowledging where there are differences of interest This sense of democratic justice needs to be upheld by effective governance      **Women and Poetry 1660-1750** S. Prescott, D. Shuttleton, 2003-09-09 The specially commissioned essays in *Women and Poetry 1660 1750* address the multiplicity of female poetic practice and the public image of the woman poet between the Restoration and mid eighteenth century The volume includes biographically informative accounts of individual poets alongside detailed essays which discuss the different contexts and poetic traditions shaping women s poetry in this key period in literary history *Women and Poetry 1660 1750* draws together a wealth of recent

scholarship from a strong cast of contributors including Germaine Greer into one accessible volume aimed at both students and specialist readers *Making a Living, Making a Difference* Maria Ågren, 2017 Using innovative digital humanities research yoked to a specially built database of sources Making a Living Making a Difference revises many received opinions about the history of gender and work in Europe through analysis of the micro patterns of early modern life Back cover **A Fresh Map of Life** Peter Laslett, 1991 Today as never before most people in the developed world at least can expect to live to old age How has society reacted to this shift of mortality Much of the accepted account of ageing is simply the persistence into our own time of past perceptions Laslett argues that the Third Age beyond the breadwinning and child rearing years is that of greatest personal fulfilment the apogee of life Combining social history sociology and philosophy this book provokes new thinking on one of the crucial changes in the modern world **Oral History and the Local Historian** Stephen Caunce, 1994 In this text Dr Caunce draws upon his experiences as a researcher writer museums officer and university teacher to illustrate the potential of the approach and to offer practical advice to the beginner This text aims to encourage the reader by admitting the author's own early mistakes and to involve more people in oral history **The Day of Judgment and the Celestial Missionaries of Life** Louis Pauer, 1923 **Weep Not for Me** Deborah A. Symonds, 1997 Explores links between the portrayal and reality of infanticide in Scotland from the late 17th to early 19th centuries how they influenced each other at the time and how modern scholars can use each to illuminate the other Includes such topics as ballad singers and collectors the ballad heroine women's work in the transformation of the Scottish economy prosecuting infanticide and the making of the Scots bourgeois Appends a version of the classic ballad Mary Hamilton and a list of women investigated and or prosecuted Paper edition unseen 18 95 Annotation copyrighted by Book News Inc Portland OR The Inequality of Human Races Arthur comte de Gobineau, 1915 British Politics and Society from Walpole to Pitt 1742-1789 Jeremy Black, 1990 **Grammaticalization and Social Embedding** Minna Palander-Collin, 1999 **Shakespearean Characterization** Leslie O'Dell, 2002 Provides practical advice for the modern actor on how to portray Shakespeare's characters Shakespearean Language Leslie O'Dell, 2002 Presents information and advice to help actors bring Shakespeare's language to life Family Systems and Cultural Change Elza Berquó, 1992 Family demography is a recent and relatively under developed branch of Population Studies which promises new ways of understanding demographic change and new models of family demography and family change more attuned to the world's socio cultural diversity This volume looks particularly at marriage systems how they have evolved and how they function in specific socio cultural settings and economic conditions Other subjects discussed range from the experience of families under slavery of Malay households under the pressure of urbanization to the evolving institutions of consensual union and celibacy in Latin America The book will be of interest to demographers anthropologists and sociologists **Love, Intimacy, and Sex** Jack D. Douglas, Freda Cruse Atwell, 1988-05 According to Douglas and Atwell the greatest value of social science comes from providing a general model

which systematically reveals how the discernable truths of a given object of study interact After first determining these basic assumptions and identifying a suitable methodology social scient

**Prescription, Culture and Shaping Identity** Anne Kugler, 1994

**Society from the Inside Out** John N Gray, David James Mearns, 1989-10 This volume focuses on the household as a primary context for the reproduction and not merely reflection of society Domestic groups of north and south India Nepal Sri Lanka and Indians in Malaysia are studied Each paper is a critical exploration of the way the household is embedded in society and mediates individual consciousness and societal principles The contributors demonstrate that the understanding of small scale institutions is integral to a more adequate theory of society
