Social Anarchism and the Rejection of Moral Tyranny Jesse Spafford,2023-11-02 Outside philosophy departments most self identified anarchists are social anarchists who reject both the legitimacy of the state and private property By contrast most anarchist philosophers are of the pro market variety As a result a philosopher has yet to write an analytic defence of social anarchism Jesse Spafford fills this gap by arguing that social anarchism is a coherent philosophical position that follows from a more basic plausible principle that constrains which moral theories are acceptable In the process of articulating and defending social anarchism Spafford stakes out a number of bold and original positions e g that people own themselves and nothing else while providing novel solutions to some of classic problems of political philosophy e g luck egalitarianism s problem of stakes His distinctive study offers an overarching unified political theory while also advancing many of the more fine grained debates that occupy political philosophers This title is also available as Open Access on Cambridge Core *Farm Implement News* ,1926 **American Druggist and Pharmaceutical Record** ,1912 *Art-in-trade* ,1929 *The Magazine of Business* ,1911 *Restaurants & Institutions* ,1994-11 **Electrical Installation Record** ,1930 **James v.
