The Oval Menace , The Mohole Mystery Hugh Walters,2020-11-24 After their expedition to Saturn Chris Godfrey and his friends were given the longest spell of leave they had ever had Every day they expected to hear about their next assignment from Sir George Benson Director of the United Nations Exploration Agency but when they tried to get in touch with him they found it was impossible Clearly something strange was going on When Sir George finally reappeared he had a startling proposition for them A new kind of expedition was to be launched not into space but into the depths of the earth The astronauts were about to become subterrannuts Or rather one of them was for only one man could enter the capsule which was to carry him down the Mohole the borehole which had been drilled twenty one miles into the earth to end in a huge underground cavern

The China Threat Nancy Bernkopf Tucker,2014-03-04 Nancy Bernkopf Tucker confronts the coldest period of the cold war the moment in which personality American political culture public opinion and high politics came together to define the Eisenhower Administration s policy toward China A sophisticated multidimensional account based on prodigious cutting edge research this volume convincingly portrays Eisenhower s private belief that close relations between the United States and the People s Republic of China were inevitable and that careful consideration of the PRC should constitute a critical part of American diplomacy Tucker provocatively argues that the Eisenhower Administration s hostile rhetoric and tough actions toward China obscure the president s actual views Behind the scenes Eisenhower and his Secretary of State John Foster Dulles pursued a more nuanced approach one better suited to China s specific challenges and the stabilization of the global community Tucker deftly explores the contradictions between Eisenhower and his advisors public and private positions Her most powerful chapter centers on Eisenhower s recognition that rigid trade prohibitions would undermine the global postwar economic recovery and push China into a closer relationship with the Soviet Union Ultimately Tucker finds Eisenhower s strategic thinking on Europe and his fear of toxic anticommunist domestic politics constrained his leadership making a fundamental shift in U S policy toward China difficult if not impossible Consequently the president was unable to engage congress and the public effectively on China ultimately failing to realize his own high standards as a leader
