Up From Dragons The Evolution Of Human Intelligence:

Up from Dragons John Robert Skoyles, Dorion Sagan, 2002 Taking its cue from *The Dragons of Eden* Carl Sagan's 1977 bestselling classic *Up from Dragons* traces the development of human intelligence back to its animal roots in an attempt to account for the vast differences between our species and all those that came before us *Letter to My Christian Family and Friends: Living without God* Darrel Newkirk MD, MPH, 2016-04-04 Darrel D Newkirk MD MPH was a devoted Christian for over 55 years He believed God was calling him to be a medical missionary and subsequently he and his wife prepared to serve as foreign missionaries They served 5 years in Zaire Africa After returning to the United States from Africa he continued to serve actively in their Southern Baptist church He and his wife helped to start a new mission Southern Baptist church in which he was active for over 20 years But then he left not only that church but Christianity itself **LETTER TO MY CHRISTIAN FAMILY AND FRIENDS Living Without God** is the author's answer to the question Why Why did he leave the religion of his parents family and friends after devotedly serving God and His church for over 55 years The book reveals his answers to that question **Beneath the Surface** Mary McGrath, 2019-01-25 This work emerged out of an intention to discern the primal wounding that left our human species so vulnerable to our own destruction It presents some unique theories about the developmental path of our species that when brought into the present light of discernment hold the potential to resolve their own healing in our common human consciousness *The Dragons of Eden* Carl Sagan, 1983
