**The Wind of Change** Pastor Carrie L. Brown, 2009-12-15 The Wind of change There is a Prophetic Wind blowing in this hour all over the world God is restoring the Body of Christ to Her original design through the Wind of Change Many people associate change as something difficult uncomfortable and negative I will assure you that this is a good change This book will provide you with the tools necessary to confront the lines of demarcation and defeat those giants that stand between you and your destiny God is stirring the very core of your being This is an inner awakening This change will cause you to trust God and step out of the boundaries of familiar places within yourself A Clarion Call is ringing in the Spirit of those who are called as a Remnant unto God This call will only hit the ears of those who can hear the sound of the Wind in the Spirit Can you hear the sound I beckon you to come and journey in the Wings of the Wind for Change has come and a Revolution has just begun

**Winds of Change** Peter Hennessy, 2019-09-05 Following Never Again and Having It So Good the third part of Peter Hennessy's celebrated Post War Trilogy By far the best study of early Sixties Britain so much fun yet still shrewd and important The Times Books of the Year Harold Macmillan famously said in 1960 that the wind of change was blowing over Africa and the remaining British Empire But it was blowing over Britain too its society its relationship with Europe its nuclear and defence policy And where it was not blowing hard enough the United Kingdom's economy great efforts were made to sweep away the cobwebs of old industrial practices and poor labour relations Life was lived in the knowledge that it could end in a single afternoon of thermonuclear exchange if the uneasy armed peace of the Cold War tipped into a Third World War In Winds of Change we see Macmillan gradually working out his grand design how to be part of both a tight transatlantic alliance and Europe dealing with his fellow geostrategists Kennedy and de Gaulle The centre of the book is 1963 the year of the Profumo Crisis the Great Train Robbery the satire boom de Gaulle's veto of Britain's first application to join the EEC the fall of Macmillan and the unexpected succession to the premiership of Alec Douglas Home Then in 1964 the battle of what Hennessy calls the tweedy aristocrat and the tweedy meritocrat Harold Wilson who would end 13 years of Conservative rule and usher in a new era As in his acclaimed histories of British life in the two previous decades Never Again and Having it so Good Peter Hennessy explains the political economic cultural and social aspects of a nation with inimitable wit and empathy No historian knows the by ways as well the highways of the archives so well and no one conveys the flavour of the period so engagingly The early sixties live again in these pages
