toxic non hazardous nature and rarely has a major negative impact on the functioning of their neighbourhoods It appears  
that many home based workers want their municipalities to reconsider their policies on home occupations including  
revamping of zoning and regulations to more accurately reflect the nature of their work Clearly new work options and the  
telecommunications technologies to support these options will allow more choices in the ways of living and working resulting  
in changes in social and spatial relationships The housing sector has just begun to assess the potential impacts of more
