Barrett, 2001 **World Christian Trends Ad30-ad2200 (hb)** , 2001 *Encyclopedia of Christianity in the Global South* Mark A. Lamport, 2018-06-01 Christianity has transformed many times in its 2 000 year history from its roots in the Middle East to its presence around the world today From the mid twentieth century onward the presence of Christianity has increased dramatically in Asia Africa and Latin America and the majority of the world's Christians are now nonwhite and non Western The Encyclopedia of Christianity in the Global South traces both the historical evolution and contemporary themes in Christianity in more than 150 countries and regions The volumes include maps images and a detailed timeline of key events The phrases Global Christianity and World Christianity are inadequate to convey the complexity of the countries and regions involved this encyclopedia with its more than 500 entries aims to offer rich perspectives on the varieties of Christianity where it is growing

how the spread of Christianity shapes the faith in various regions and how the faith is changing worldwide *World Christianity and the Unfinished Task* F. Lionel Young, III, 2021-03-15 This book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about In 1900 more than 80 percent of the world's Christians lived in Europe and North America and nearly all of the world's missionaries were sent out from the West to the rest In a dramatic turn of events Christianity experienced a decidedly Southern shift during the twentieth century Today nearly 70 percent of the world's 2.5 billion Christians live in Africa Asia and Latin America while nearly half of all missionaries are being sent out into all the world from places like Brazil Ethiopia and South Korea This book is intended to change the way readers think about the church and challenge the way the Western Christians engage in contemporary missions

**Christianity** Charles E. Farhadian, 2020-12-22 An expert on world religions provides a compelling look into the shape and movement of Christianity's past present and future Charles Farhadian accounts for the cultural social and theological issues that have shaped Christianity worldwide as he describes the distinctives of the world's largest religion Addressing the global nature of Christianity without focusing exclusively on that topic this supplementary text could serve in a variety of courses across the curriculum and is written to be useable in either Christian or secular settings

Bonk, 2003-09-15 This volume traces its origins to the 2001 annual meeting of the Evangelical Missiological Society with the theme of Lessons in Mission from the Twentieth Century The papers from this meeting combined with insightful essays by other EMS members reflect upon the history of evangelical missions and upon its future May God give us grace to draw from the lessons presented in this book in ways that will enrich us as people as a church and as a community calling others to come worship Jesus Christ

A Scott Moreau **Peoples and Places** Matthew Hirt, 2022-05-27 Jesus's final command to his disciples was to make disciples of all nations But who are the nations How do we know we are being obedient to the task Do our current lists of ethnolinguistic people groups sufficiently answer the question For the last fifty years missiologists and missionaries have discussed this topic but much of the conversation has been focused on definitions that give little attention to biblical theology When we explore how the Bible describes the nations we find some other categories that have been overlooked forgotten or set aside in the development of missions strategy Geography is one of these categories However this is not simply bringing

current geo political entities back into our missions strategy Instead Matthew Hirt is calling on missiologists missions researchers and missionaries on the field to discover how people groups identify their own geographies and in turn how that geography contributes to a people group s identity *Our Global Families* Todd M. Johnson,Cindy M. Wu,2015-02-10 As Christians we belong to not only a diverse global Christian family but also a diverse human family Todd Johnson a noted expert on global Christianity and world missions trends and Cindy Wu show how divisions within these families work against our desire to bring about positive change in the world They provide an overview of global Christian identity exploring how we can be faithful to our own tradition while engaging Christians across denominations and be better informed as we work with people of other religions The book utilizes the latest research data on global Christianity and world religions and includes tables graphs charts and end of chapter discussion questions
