World War II Updated Edition:

The Story of World War II Henry Steele Commager, Donald L. Miller, 2010-05-11 Drawing on previously unpublished eyewitness accounts prizewinning historian Donald L Miller has written what critics are calling one of the most powerful accounts of warfare ever published Here are the horror and heroism of World War II in the words of the men who fought it the journalists who covered it and the civilians who were caught in its fury Miller gives us an up close deeply personal view of a war that was more savagely fought and whose outcome was in greater doubt than readers might imagine This is the war that Americans at the home front would have read about had they had access to the previously censored testimony of the soldiers on which Miller builds his gripping narrative Miller covers the entire war on land at sea and in the air and provides new coverage of the brutal island fighting in the Pacific the bomber war over Europe the liberation of the death camps and the contributions of African Americans and other minorities He concludes with a suspenseful never before told story of the atomic bombing of Nagasaki based on interviews with the men who flew the mission that ended the war *The Ghost Army of World War II* Rick Beyer, Elizabeth Sayles, 2023-10-10 A riveting tale told through personal accounts and sketches along the way ultimately a story of success against great odds I enjoyed it enormously Tom Brokaw The first book to tell the full story of how a traveling road show of artists wielding imagination paint and bravado saved thousands of American lives now updated with new material In the summer of 1944 a handpicked group of young GIs artists designers architects and sound engineers including such future luminaries as Bill Blass Ellsworth Kelly Arthur Singer Victor Dowd Art Kane and Jack Masey landed in France to conduct a secret mission From Normandy to the Rhine the 1 100 men of the 23rd Headquarters Special Troops known as the Ghost Army conjured up phony convoys phantom divisions and make believe headquarters to fool the enemy about the strength and location of American units Every move they made was top secret and their story was hushed up for decades after the war s end Hundreds of color and black and white photographs along with maps official memos and letters accompany Rick Beyer and Elizabeth Sayles s meticulous research and interviews with many of the soldiers weaving a compelling narrative of how an unlikely team carried out amazing battlefield deceptions that saved thousands of American lives and helped open the way for the final drive to Germany The stunning art created between missions also offers a glimpse of life behind the lines during World War II This updated edition includes A new afterword by co author Rick Beyer Never before seen additional images The successful campaign to have the unit awarded a Congressional Gold Medal History and WWII enthusiasts will find *The Ghost Army of World War II* an essential addition to their library *Dark Waters, Starry Skies* Jeffrey Cox, 2023-03-02 Esteemed Pacific War historian Jeffrey Cox has produced a fast paced and absorbing read of the crucial New Georgia phase of the Guadalcanal Solomons Campaign during the Pacific War Thousands of miles from friendly ports the US Navy had finally managed to complete the capture of Guadalcanal from the Japanese in early 1943 Now the Allies sought to keep the offensive momentum won at such a high cost Determined not to repeat their mistakes at

Guadalcanal the Allies nonetheless faltered in their continuing efforts to roll back the Japanese land air and naval forces *Dark Waters Starry Skies* is an engrossing history which weaves together strategy and tactics with a blow by blow account of every battle at a vital point in the Pacific War that has not been analyzed in this level of detail before Using first hand accounts from both sides this book vividly recreates all the terror and drama of the nighttime naval battles during this phase of the Solomons campaign and the ferocious firestorm many Marines faced as they disembarked from their landing craft The reader is transported to the bridge to stand alongside Admiral Walden Ainsworth as he sails to stop another Japanese reinforcement convoy for New Georgia and vividly feels the fear of an 18 year old Marine as he fights for survival against a weakened but still determined enemy [Japanese American Relocation in World War II](#) Roger W.
