*The Solesmes Method* Joseph Gajard, 1960 Presents the Solesmes Method in two parts The first part sets forth the principles that constitute the method The second part presents the actual rules for singing **Gregorian Chant According to the Solesmes Method** Gregory Sunol, 2023-04-17 [Methode Complete de Chant Gregorien D'apres Les Principes de L'Ecole de Solesmes](#) Gregorio María Suñol, 1930 *Text Book of Gregorian Chant* Gregory Suñol (O.S.B.), Society of St. John Evangelist, 1930 **Text Book of Gregorian Chant** Dom Gregory Sunol Osb, Gregory Sunol, Brother Hermenegild, 2013-10 This book is essential for anyone who wishes to learn Gregorian Chant Few words are necessary to introduce the present work to English speaking students of plainsong Such a handbook has long been needed and is sure of its welcome Neither the well known Stanbrook Grammar of Plainsong nor Madame Ward's valuable school courses cover so much ground as Dom Gregory Sunol in his Spanish *Metoda* The book first appeared in 1905 prefaced by a commendatory letter from Dom Andre Mocquereau the famous director of the Solesmes School Its author has many years of teaching experience behind him as well as sound theoretical knowledge of his subject His work has proved its popularity and practical usefulness by going through a number of editions in the original Spanish besides being translated into French and German Indeed by compressing the Solesmes teaching within the narrow limits of a general text book Dom Sunol has rendered good service to the Gregorian cause Not everyone has access to the monumental publications of Solesmes the *Monographies gregoriennes* or the *Paleographie Musicale* and countless students will be glad to find the subject matter of this latter work especially the important seventh volume on Gregorian Rhythm here summed up and analysed while the extensive quotations from Dom Mocquereau's *Nombre Musical gregorien* with which the Spanish author has enriched his later editions will make them desirous of seeing this fascinating synthesis of the whole subject brought out in English The French translation of Dom Sunol's work was made by Dom Maur Sablayrolles who tells us in his preface that he inserted a few additional chapters and altered and developed his original here and there in inconsiderable ways always with the author's permission The present English version is a faithful rendering of the sixth French edition and except for some extension of the note on Latin pronunciation now embodied in the text nothing of any importance has been added But the work has been prepared under the direct supervision of the Solesmes Benedictine Fathers at Quarr Abbey who have supplied invaluable help on almost every page mainly in the direction of ensuring greater accuracy clearing up obscure passages simplifying technical points and generally making the book more accessible to the ordinary student of plainsong The Spanish handbook was placed under the patronage of our Lady of Montserrat In its English dress it is offered to our Lady of Quarr with the prayer that she may everywhere bless the work of those who are teaching the Catholic world to sing the praises of her Divine Son **Text Book of Gregorian Chant According to the Solesmes Method** Gregorio Ma (Gregorio María) Suñol, 2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This

Oral and Written Transmission in Chant Thomas Forrest Kelly,2023-01-30 The writing down of music is one of the triumphant technologies of the West Without writing the performance of music involves some combination of memory and improvisation Isidore of Seville famously wrote that unless sounds are remembered by man they perish for they cannot be written down This volume deals with the materials of chant from the point of view of transmission The early history of chant is a history of orality of transmission by mouth to ear and yet we can study it only through the use of written documents Scholars of medieval music have taken up the ideas and techniques of scholars of folklore of oral transmission of ethnomusicology for the chant is in fact an ancient music transmitted for a time in oral culture and we study a culture not our own whose informants are not people but manuscripts All depends ironically on deducing oral issues from written documents

*The Musical Legacy of Wartime France* Leslie A. Sprout,2013-06-24 For the three forces competing for political authority in France during World War II music became the site of a cultural battle that reflected the war itself German occupying authorities promoted German music at the expense of French while the Vichy administration pursued projects of national renewal through culture Meanwhile Resistance networks gradually formed to combat German propaganda while eyeing Vichy's efforts with suspicion In *The Musical Legacy of Wartime France* Leslie A Sprout explores how each of these forces influenced the composition performance and reception of five well known works the secret Resistance songs of Francis Poulenc and those of Arthur Honegger Olivier Messiaen's Quartet for the End of Time composed in a German prisoner of war camp Maurice Duruflé's Requiem one of sixty five pieces commissioned by Vichy between 1940 and 1944 and Igor Stravinsky's Dances concertantes which was met at its 1945 Paris premiere with protests that prefigured the aesthetic debates of the early Cold War Sprout examines not only how these pieces were created and disseminated during and just after the war but also how and why we still associate these pieces with the stories we tell in textbooks program notes liner notes historical monographs and biographies about music France and World War II
