Strange Angels Lili St. Crow, 2009 Dru Anderson has what her grandmother called the touch When her dad turns up dead but still walking Dru knows she's next Will Dru discover just how special she really is before coming face to face with whatever is hunting her

Ten Poems to Last a Lifetime Roger Housden, 2007-12-18 The fourth volume in the popular series that began with *Ten Poems to Change Your Life* *Ten Poems to Last a Lifetime* focuses on what it means to be truly human In it Roger Housden offers us poems on life and death happiness seeing ourselves in relation to the world and of course the ineffable the things that really matter when the chips are down He describes these passionate poems as bread for the soul and fire for the spirit The poets Housden has chosen are Billy Collins Hayden Carruth Dorianne Laux James Wright Naomi Shihab Nye and Mary Oliver from the United States D H Lawrence and John Keats from England Rainer Maria Rilke from Germany Fleur Adcock from New Zealand and Seng Ts'an from sixth century China And yes that adds up to eleven not ten Housden decided to include a bonus poem for his faithful readers in this the final volume of the series As before Housden's luminous essays provide an elegant and easy passage into the sometimes daunting world of poetry enabling readers to feel that in him they have found a trusted guide and mentor

Poetry as Survival Gregory Orr, 2010-12-01 Intended for general readers and for students and scholars of poetry *Poetry as Survival* is a complex and lucid analysis of the powerful role poetry can play in confronting surviving and transcending pain and suffering Gregory Orr draws from a generous array of sources He weaves discussions of work by Keats Dickinson and Whitman with quotes from three thousand year old Egyptian poems Inuit songs and Japanese love poems to show that writing personal lyric has helped poets throughout history to process emotional and experiential turmoil from individual stress to collective grief More specifically he considers how the acts of writing reading and listening to lyric bring ordering powers to the chaos that surrounds us Moving into more contemporary work Orr looks at the poetry of Sylvia Plath Stanley Kunitz and Theodore Roethke poets who relied on their own work to get through painful psychological experiences As a poet who has experienced considerable trauma especially as a child Orr refers to the damaging experiences of his past and to the role poetry played in his ability to recover and survive His personal narrative makes all the more poignant and vivid Orr's claims for lyric poetry's power as a tool for healing *Poetry as Survival* is a memorable and inspiring introduction to lyric poetry's capacity to help us find safety and comfort in a threatening world

American Poetry as Transactional Art Stephen Fredman,2020-06-02 Explores the ways American poetry engages with visual art music fiction spirituality and performance art Many people think of poetry as a hermetic art as though poets wrote only about themselves or as if the subject of poetry were finally only poetry its forms and traditions Indeed much of what constitutes poetry in the lyric tradition depends on a stringently controlled point of view and aims for a timeless intransitive utterance Stephen Fredman s study proposes a different perspective American Poetry as Transactional Art explores a salient quality of much avant garde American poetry that has so far lacked sustained treatment namely its role as a transactional art Specifically Fredman describes this role as the ways it consistently engages in conversation talk correspondence going beyond the scope of its own subjects and forms its existential interactions with the outside world Poetry operating in this vein draws together images ideas practices rituals and verbal techniques from around the globe and across time not to equate them but to establish dialogue to invite as many guests as possible to the World Party which Robert Duncan has called the symposium of the whole Fredman invites new readers into contemporary poetry by providing lucid and nuanced analyses of specific poems and specific interchanges between poets and their surroundings He explores such topics as poetry s transactions with spiritual traditions and practices over the course of the twentieth century the impact of World War II on the poetry of Charles Olson and George Oppen exchanges between poetry and other art forms including sculpture performance art and ambient music the battle between poetry and prose in the early work of Paul Auster and in Lyn Hejinian s My Life The epilogue looks briefly at another crucial transactional occasion teaching American poetry in the classroom in a way that demonstrates that it is at the center of the arts and at the heart of American culture
