Stranger In Baja:

Stranger in Baja John Hewitt, 2005-12-28 Stranger in Baja takes the reader to sun struck and tawdry Cabo San Lucas the overdeveloped resort outpost on Mexico's bone dry southern Baja peninsula and the setting for a street war between evangelical foreigners and local Catholics Troubled by doubts and demons naive missionary volunteer Rob Hudson arrives in Cabo on a soul seeking mission and finds a world of inept arsonists wily healers prying journalists Machiavellian bosses troubled hermits hip hop bands lunar rituals drug gangs and a music teacher who rocks his soul *Thrown Among Strangers* Douglas Monroy, 1990-11-15 Every California schoolchild's first interaction with history begins with the missions and Indians It is the pastoralist image of course and it is a lasting one Children in elementary school hear how Father Serra and the priests brought civilization to the groveling lizard and acorn eating Indians of such communities as Yang na now Los Angeles So edified by history many of those children drag their parents to as many missions as they can Then there is the other side of the missions one that a mural decorating a savings and loan office in the San Fernando Valley first showed to me as a child On it a kindly priest holds a large cross over a kneeling Indian For some reason though the padre apparently aims not to bless the Indian but rather to bludgeon him with the emblem of Christianity This portrait too clings to the memory capturing the critical view of the missionization of California's indigenous inhabitants I carried the two childhood images with me both when I went to libraries as I researched the missions and when I revisited several missions thirty years after those family trips In this work I proceed neither to dubunk nor to reconcile these contrary notions of the missions and Indians but to present a new and I hope deeper understanding of the complex interaction of the two antithetical cultures

Cosmopolitan Strangers in US Latinx Literature and Culture Esther Álvarez-López, Andrea Fernández-García, 2023-03-30 This book presents a study of the figure of the stranger in US Latinx literary and cultural forms ranging from contemporary novels through essays to film and transborder art activism The focus on this abject figure is twofold first to explore its potential to expose the processes of othering to which Latinxs are subjected and second to foreground its epistemic response to neocolonial structures and beliefs Thus this book draws on relevant sociological literature on the stranger to unveil the political and social processes behind the recognition of Latinxs as out of place On the other hand and most importantly this volume follows the path of neo cosmopolitan approaches to bring to the fore processes of interrelatedness interaction and conviviality that run counter to criminalizing discourses around Latinxs Through an engagement with these theoretical tenets the goal of this book is to showcase the role of the Latinx stranger as a cosmopolitan mediator that transforms walls into bridges *Américas*, 2006 *Strangers in a Stolen Land* Richard L.
