revolution in government budgeting the re birth of the sovereignty movement in Quebec and the re assertion of Aboriginal
claims are symptomatic of a shift in Canadian political culture Arguably political changes in Canada have been greater in the
1990s than in any other decade since Confederation but do these changes signify a shift in Canadian political culture Can we
even speak of a Canadian political culture What are the consequences of these changes for the federation Are Canadians
more or less united Are federal provincial relations better or worse What does the future hold The authors attempt to answer
these questions through analyses of the federal party system politics in the provinces and regions and political dynamics in a
number of issue areas including Aboriginal politics the Charter multiculturalism the rural urban cleavage and social policy
