The Summer Tree:

The Summer Tree Guy Gavriel Kay, 2001-04-01 Taken to a realm of magic and war five men and women from our world embark on an epic journey in the first novel in Guy Gavriel Kay's classic critically acclaimed fantasy trilogy The Fionavar Tapestry It begins with a chance meeting that introduces the five to a man who will change their lives a mage who brings them to the first of all worlds Fionavar In this land of gods and myth each of them is forced to discover what they are and what they are willing to do as Fionavar stands on the brink of a terrifying war against a dark vengeful god **The Summer Tree** Guy Gavriel Kay, 1987-07-01 *The Golden Bough* James George Frazer, 2020-08-01 Reproduction of the original *The Golden Bough* by James George Frazer The Golden Bough Ashira Goddard, 2008-05-07 A book of antiquity for any studying magic and religion by Sir James George Frazer originally Edited and foreword by Ashira Goddard A Tapestry Antiquity Publishing Book The Golden Bough: A Study of Magic and Religion James George Frazer, 2016-09-01 The primary aim of this book is to explain the remarkable rule which regulated the succession to the priesthood of Diana at Aricia When I first set myself to solve the problem more than thirty years ago I thought that the solution could be propounded very briefly but I soon found that to render it probable or even intelligible it was necessary to discuss certain more general questions some of which had hardly been broached before In successive editions the discussion of these and kindred topics has occupied more and more space the enquiry has branched out in more and more directions until the two volumes of the original work have expanded into twelve Meantime a wish has often been expressed that the book should be issued in a more compendious form This abridgment is an attempt to meet the wish and thereby to bring the work within the range of a wider circle of readers While the bulk of the book has been greatly reduced I have endeavoured to retain its leading principles together with an amount of evidence sufficient to illustrate them clearly The language of the original has also for the most part been preserved though here and there the exposition has been somewhat condensed In order to keep as much of the text as possible I have sacrificed all the notes and with them all exact references to my authorities Readers who desire to ascertain the source of any particular statement must therefore consult the larger work which is fully documented and provided with a complete bibliography The Golden Bough: A Study of Magic & Religion James George Frazer, 2020-12-17 *The Golden Bough* is a wide ranging comparative study of mythology and religion written by the Scottish anthropologist Sir James George Frazer The book documents and details the similarities among magical and religious beliefs around the globe Frazer attempted to define the shared elements of religious belief and scientific thought discussing fertility rites human sacrifice the dying god the scapegoat and many other symbols and practices whose influences had extended into 20th century culture His thesis is that old religions were fertility cults that revolved around the worship and periodic sacrifice of a sacred king Frazer proposed that mankind progresses from magic through religious belief to scientific thought The influence of *The Golden Bough* on contemporary European literature and thought is substantial Golden Bough Sir James George
