Psychoanalysis

JIVITESH VASHISHT

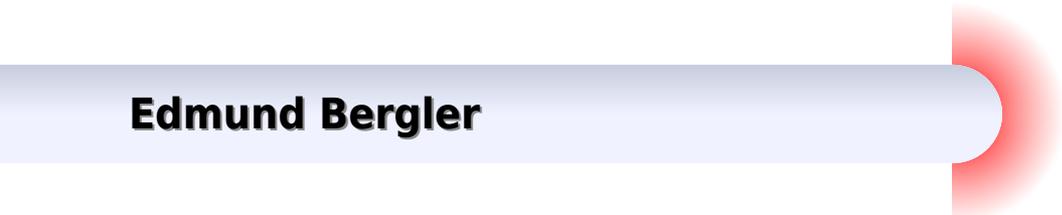

Psychoanalysis has served as a time-tested, albeit occasionally contentious, method for interpreting a range of literary and cultural works, but how might we account for its own textual cultures and practices? For that matter, are psychoanalytic and literary genres distinct entities, or is their interface significantly more porous than we might imagine at first? In what follows, I review four critical texts published in 2020 (a double issue of a journal and two monographs) that grapple with various aspects of these questions and offer rich, formally attentive studies of psychoanalytic writing and its entanglements with literary genres such as the novella, memoir, and autobiography. The review is organized into four sections: 1. Introduction. *Psychoanalysis: A Writing Cure?* 2. After John Forrester: Reopening the Psychoanalytic Case, which discusses Felicity Callard and Chris Millard's guest-edited issue of *History of the Human Sciences* entitled *Thinking In, With, Beyond, and Across Cases with John Forrester*; 3. The Freudian Case History and its Literary Legacies, devoted to Arne Höcker's *The Case of Literature: Forensic Narratives from Goethe to Kafka*; and 4. Recovering the Analysand's Voice, which explores Anat Tzur Mahalel's *Reading Freud's Patients: Memoir, Narrative, and the Analysand*.

1. Introduction. *Psychoanalysis: A Writing Cure?*

Adam Phillips opens his 2002 collection of essays, *Equals*, with the claim that psychoanalysis is a 'listening cure' as much as a 'talking cure', before proceeding to redescribe analytic work aphoristically as 'an agreement that two people will bear together the consequences of their listening (to themselves and each other)' (p. 2). And yet there also exists another line of thinking that privileges writing—the process as well as the product—over speaking and listening as the conceptual, historical, and clinical substratum of psychoanalysis as envisioned by Sigmund Freud. Most iterations of this argument are, by now, over-familiar. In 'Freud and the Scene of Writing' (1967), for instance, Jacques Derrida

Psychoanalysis, Intersubjective Writing, and a Postmaterialist Model of Mind Dan Gilhooley, Frank Toich, 2019-09-23 In this in depth and unique collaboration between a patient and his psychoanalyst Psychoanalysis Intersubjective Writing and a Postmaterialist Model of Mind I Woke Up Dead examines the unconscious mind by analysing

the patient's novel written during his treatment as the focus. Using the patient's creative writing and their intersubjective relationship as evidence, Dan Gilhooley and Frank Toich show how psychoanalysis fits within a postmaterialist model of mind. In this ground-breaking exploration, Gilhooley and Toich together demonstrate how a nonlocal unconscious can reshape the psychoanalytic conception of the mind. Split into four parts: Intersubjective, Quantum, History, and Collaboration, Dan introduces three themes in the first: recovery from death, the intersubjective nature of therapeutic work, and the role of creative imagination. Combining these themes with analysis of Frank's work and short related stories from his own life, Part II, Quantum, introduces the concept of nonlocality to describe the mind and draws on the appearance of quantum physics in Frank's science fiction before moving onto Part III, History, which examines the emergence of psychoanalysis out of animal magnetism, looking at rapport, telepathy, and love in psychotherapy. Finally, Collaboration discusses their ongoing psychotherapeutic experiment, the role of imagination, dissociation, and the cosmic mind in psychological growth. Interweaving creative writing, psychoanalytic theory, and real-life stories, the book re-contextualizes the history and future of psychoanalysis. Due to its multidisciplinary nature, this book will appeal to psychotherapists and psychologists in practice and in training. It would also be a vital resource for academics and students of counseling, consciousness studies, psychoanalysis, psychotherapy, and psychology.

The Writing Cure Mark Bracher, 1999. For cultural workers, teachers, critics, and others who want to work for positive social change, a psychoanalytic writing pedagogy offers the opportunity to undermine the psychological roots of many social problems, including intolerance and various forms of self-destructive behavior.

The Writing Cure Emma Lieber, 2021-11-18. In *The Writing Cure*, Emma Lieber tells the story of her decade-long analysis and her becoming a psychoanalyst by tracing dreams, scenes, and signifiers that emerged from her analysis while also undertaking critical explorations of works of psychoanalytic theory and literary texts. *The Writing Cure* thus articulates what psychoanalysis does for its patients by writing the moment of its termination in real time, performing the convergence of theory and life on which psychoanalysis itself balances. Throughout, Lieber considers what psychoanalysis, the talking cure, has to do with writing, the foundation of psychoanalysis on Freud's distinctive writing practice, what it means to write oneself as a psychoanalyst, the extent to which the cure involves a new kind of self-writing. Most broadly, *The Writing Cure* asks: What would it look like to write your way to the end of an analysis? Is it possible to write yourself into the position of psychoanalyst? Is it possible to write your cure?

Writing and Psychoanalysis John Lechte, 1996. This new Reader provides a wealth of material for study, giving access to some of the most profound interpretative writing of the post-war era. Some of the texts by Foucault and Kristeva are available in English for the first time. Others, such as key texts by Freud, are classics in the field. Together, they illuminate the intersection between writing and psychoanalysis, making vivid the symbiotic relationship and the effect of the fusion on both.

Writing Through Repression Michael G. Levine, 1994. What does it mean to treat a dream as a censored text? Why does Freud turn to the realm of politics when attempting to describe dreams?

and the forces that shape them What happens to the concept of censorship when it enters Freudian discourse Is its political significance lost in translation or does Freud s borrowing somehow render enigmatic what we thought we understood under the name of censorship and under the name of borrowing In *Writing Through Repression* Michael Levine juxtaposes readings of psychoanalytic literary and critical texts to explore these questions Rather than seeking to extract a particular notion of censorship from Freud in order to apply it elsewhere he argues that it is more instructive to examine the difficulties Freud has in coming to terms with this notion It is through such difficulties he suggests that Freud s text opens a different kind of dialogue with the writings of Heine Benjamin and Kafka one that opens each to the challenge and solicitation of the other

Beckett, Lacan and the Mathematical Writing of the Real Arka Chattopadhyay,2019-01-01 Beckett Lacan and the Mathematical Writing of the Real proposes writing as a mathematical and logical operation to build a bridge between Lacanian psychoanalysis and Samuel Beckett s prose works Arka Chattopadhyay studies aspects such as the fundamental operational logic of a text use of mathematical forms like geometry and arithmetic the human obsession with counting the moving body as an act of writing and love and sexuality as a challenge to the limits of what can be written through logic and mathematics Chattopadhyay reads Beckett s prose works including *How It Is* *Company* *Worstward* *Ho Malone Dies* and *Enough* to highlight this terminal writing which halts endless meanings with the material body of the word and gives Beckett a medium to inscribe what cannot be written otherwise [Still Crazy After All These Years: Women, Writing & Psychoanalysis](#) Rachel Bowlby,2010

Lacan Lacan's return to Freud famously involves a linguistic turn in psychoanalysis The centering of language as a major operator in psychic life often leads to a dualistic or quasi dualistic view in which language and the enjoyment of the body are polarized Exploring the intricate connections of the linguistic and the organic in both Lacanian and Freudian psychoanalysis from its beginnings Zisser shows that surprisingly and not only in Lacan's late teaching psycho linguistic categories turn out to be suffused with organicity After unfolding the remnant of the flesh in the signifier as a major component of Lacan's critique of Saussure using visual artworks as objective correlatives as it does so the book delineates two forms of psychic writing These are aligned not only with two fundamental states of the psychic apparatus as described by Freud pain and satisfaction but with two ways of sculpting formulated by Alberti in the Renaissance but also referred to by Freud Continuing in a Derridean vein the book demonstrates the primacy of writing to speech in psychoanalysis emphasizing how the relation between speech and writing is not binary but topological as speech in its psychoanalytic conception is nothing but the folding inside out of unconscious writing Innovatively placing the flesh at the core of its approach the text also incorporates the seminal work of psychoanalyst Mich le Montrely to articulate the precise relation between the linguistic and the organic Writing Speech and Flesh in Lacanian Psychoanalysis will be indispensable to psychoanalysts literary theorists rhetoricians deconstructionists and those studying at the intersection of psychoanalysis language and the visual arts *The Psychoanalytic Quarterly* Dorian Feigenbaum, Bertram David Lewin, Gregory Zilboorg, Frankwood Earl Williams, 1977 Primitive high gods by G eza R oheim v 3 no 1 pt 2 133 p **The Linguistics of Writing** Nigel Fabb, 1987
