

# WHAT ARE MORALS?

**Morals** are a person's standards of behavior or beliefs concerning what is and is not acceptable for them to do.

**Morals** are each individual's own rules to live in society. Therefore, morals are subjective and personal.

A **moral behavior** is driven by the desire to be good. On the contrary, an *ethical behavior* is an action that is following the rules of what is considered correct in society.
