Necronomicon Presents Shocking Cinema of the Seventies Xavier Mendik, 2002 The Necronomicon Shocking Cinema of the Seventies continues the acclaimed journal's exploration of film culture with a special edition devoted to film from this special era. In a series of innovative articles, leading critics and scholars consider the social and cinematic issues which shaped the films of the decade. Covering genres such as horror, the disaster movie, blaxploitation, and kung fu, the authors discover the truth behind one of the most prolific, turbulent, and challenging periods of cinema history. I Am Legend John William Corrington, Joyce Hooper Corrington, 1971 The Omega Man Richard Matheson, 1975-05-01 **Black Space** Adilifu Nama, 2010-01-01 Winner Rollins Book Award Southwest Texas Popular Culture Association American Culture Association 2008 Science fiction film offers its viewers many pleasures, not least of which is the possibility of imagining other worlds in which very different forms of society exist. Not surprisingly, however, these alternative worlds often become spaces in which filmmakers and film audiences can explore issues of concern in our own society. Through an analysis of over thirty canonical science fiction (SF) films including Logan's Run, Star Wars, Blade Runner, Back to the Future, Gattaca, and Minority Report, **Black Space** offers a thoroughgoing investigation of how SF film since the 1950s has dealt with the issue of race and specifically with the representation of blackness. Setting his study against the backdrop of America's ongoing racial struggles and complex socioeconomic histories, Adilifu Nama pursues a number of themes in **Black Space**. They include the structured absence, token presence of blacks in SF film, racial contamination, and racial paranoia; the traumatized black body as the ultimate signifier of difference, alienness, and otherness; the use of class and economic issues to subsume race as an issue; the racially subversive pleasures and allegories encoded in some mainstream SF films; and the ways in which independent and extra-filmic productions are subverting the SF genre of Hollywood filmmaking. The first book-length study of African American representation in science fiction film, **Black Space** demonstrates that SF cinema has become an important field of racial analysis, a site where definitions of race can be contested and post-civil rights race relations reimagined. I Am Legend Richard Matheson, 1971 **The Zombie Book** Nick Redfern, Brad Steiger, 2014-08-18 Two experts on the unexplained and paranormal team up to bring you the definitive guide to zombies. The apocalypse of the rapacious, infectious living dead is more probable than ever, at least if movies, books, and television are to be believed. But long before exotic viruses, biological warfare, and sinister military experiments brought the dead back to life in our cinemas and on our television screens, there were the dark spells and incantations of the ancient Egyptians, the Sumerians, and the Babylonians. Blending the historical with the modern, the biographical with the literary, the plants and animals with bacteria and viruses, the mythological with the horrifying true tales, **The Zombie Book: The Encyclopedia of the Living Dead** is a comprehensive resource for understanding, combating, and avoiding all things zombie. More than 250 entries cover everything about the ignominious role in folklore and mythology to today's pop culture, including *Pride and Prejudice* and *Zombies*, *Mad Cow*

Disease The Spanish Flu Pandemic of 1918 The Centers for Disease Control and FEMA s Zombie Preparedness plans The MacArthur Causeway Face eating Zombie Nazi Experiments to Resurrect the Dead Night of the Living Dead and much much more Blending historical review and a lot of pop culture fun with chilling tales of ravenous end of times horrors The Zombie Book is perfect for browsing or for a thorough reading by fans of the macabre An extensive bibliography and index make this the perfect start to anyone s quest for preparing for a zombie cataclysm *The omega man* Ray Thanner,2011 *The Golden Age* Kaleb Quist,2021-10-23 Once a generation there comes a novel bursting with spectacle and drama inspiring the hearts and minds of readers all over the globe This is NOT one of those novels THE GOLDEN AGE is a slice of life comedy drama which follows a group of elderly superheroes stuck living together in a nursing home Stripped of their pride and superpowers they must face their greatest adversary of all RETIREMENT In a last ditch attempt to stay relevant our heroes stage a mutiny against the nursing home vowing to take the power back Even if it kills them in the process THE GOLDEN AGE reflects the inherent fear of growing old in a world that treats its senior citizens like second rate citizens In the end what becomes of our heroes when we have no more use for them Read what TOP CRITICS are saying about the latest violation of the Geneva Conventions THE GOLDEN AGE At least you tried my mom If I could I would pay to have this removed from the internet an actual Facebook review I can t read any of this s a blind man dead drunken silence Ernest Hemingway I ll see you in court Alan Moore ABOUT THE AUTHOR KALEB QUIST is the 7 832nd best writer in the world What a miracle that a man who s both blind and illiterate can write an entire novel Simply amazing THE GOLDEN AGE started out as a film project but was immediately scrapped when it was discovered that you need money to make a movie We humbly apologize for any inconvenience Check out these other award winning novels from KALEB QUIST including **The Oracle...** Omega Psi Phi fraternity,1927 *Horror Films of the 1970s* John Kenneth Muir,2012-11-22 The seventies were a decade of groundbreaking horror films The Exorcist Carrie and Halloween were three This detailed filmography covers these and 225 more Section One provides an introduction and a brief history of the decade Beginning with 1970 and proceeding chronologically by year of its release in the United States Section Two offers an entry for each film Each entry includes several categories of information Critical Reception sampling both 70s and later reviews Cast and Credits P O V quoting a person pertinent to that film s production Synopsis summarizing the film s story Commentary analyzing the film from Muir s perspective Legacy noting the rank of especially worthy 70s films in the horror pantheon of decades following Section Three contains a conclusion and these five appendices horror film cliches of the 1970s frequently appearing performers memorable movie ads recommended films that illustrate how 1970s horror films continue to impact the industry and the 15 best genre films of the decade as chosen by Muir **Love and Freedom** Jorge N. step can and should be taken with the relational style binary This book offers the first systematic discussion of relationship modes beyond monogamy and polyamory as well as introduces the notion of relational freedom as the capability to choose one's relational style free from biological psychological and sociocultural conditionings To achieve these goals Ferrer first discusses a number of critical categories specifically monoprude polyphobia and polyprude monophobia that mediate the contemporary mono poly wars that is the predicament of mutual competition among monogamists and polyamorists The ideological nature of these mono poly wars is demonstrated through a review of available empirical literature on the psychological health and relationship quality of monogamous and polyamorous individuals and couples Then after showing how monogamy and polyamory ultimately reinforce each other Ferrer articulates three relational pathways to living in between through and beyond the mono poly binary fluidity hybridity and transcendence Moving beyond that binary opens a fuzzy liminal and multivocal relational space that Ferrer calls novogamy In this groundbreaking book readers will learn practical tools to not only transform jealousy but also enhance their relational freedom while being aware of key issues of diversity and social justice They will also learn novel criteria to evaluate the success of their intimate relationships and be introduced to a transformed vision of romantic love beyond both monocentrism and emerging polynormativities
