Toy Wars:

Toy Wars G. Wayne Miller, 2012-11-21 This is the real toy story an unprecedented behind the scenes journey through a world of influence fantasy and multimillion dollar Hollywood deals a world where the whims of children make millionaires and topple titans This is also the story of an unusual man Alan Hassenfeld the chief executive officer of Hasbro never intended to run a Fortune 500 company A free spirit who dreamed of being a writer and exploring Asia he was content to remain in the shadow of his older brother Stephen a marketing genius who transformed a family firm established by immigrant Jews into powerhouse and Wall Street darling Then tragedy struck Stephen and intensely private man died of AIDS a disease he had not acknowledged he had even to his family Alan Hassenfeld was named CEO just as Hasbro was facing a daunting onslaught of challenges Toy Wars is about Alan s struggle to balance the demands of the bottom line with his ideals about the kind of toys children deserve as well as the ethical obligations of management Wayne Miller an award winning journalist and novelist was granted unprecedented access to Hasbro the maker of G I Joe Star Wars toys Mr Potato Head Batman Monopoly Scrabble Trivial Pursuit and countless other favorites For five years he sat in on design sessions marketing meetings and focus groups and interviewed employees in every part of the company He witnessed a major corporate restructuring crucial deal with Dreamworks SKG a hostile takeover bid by archrival Mattel the collapse of a 45 million virtual reality game and the company makeover of G I Joe Hasbro s flagship product and one of the most popular toys of all time Toy Wars is filled with many colorful characters including Hollywood moguls Steven Spielberg and George Lucas whose kid friendly movies can translate into licensing gold for toymakers Mighty Morphin Power Rangers creator Haim Saban who tapped into a popular Japanese TV series and made it a worldwide television and merchandising phenomenon Mattel CEO Jill Barad the second highest paid woman in corporate America who promotes and defends Barbie with the zeal of a religious crusader Hasbro executive Al Verrecchia the loyal second in command who did not let friendship or tradition stand in the way of a dramatic restructuring Larry Bernstein arguably the best toy salesman ever a riotous raconteur whose divisional presidency crumbled when he was unable to meet Hasbro s profit goals Rich in family drama and written with sly wit Toy Wars is a deeply compelling business story a fascinating tour through a billion dollar industry that exerts tremendous influence on the lives of children everywhere

Media Franchising Derek Johnson, 2013-03-22 Johnson astutely reveals that franchises are not Borg like assimilation machines but rather complicated ecosystems within which creative workers strive to create compelling shared worlds This finely researched breakthrough book is a must read for anyone seeking a sophisticated understanding of the contemporary media industry Heather Hendershot author of What s Fair on the Air Cold War Right Wing Broadcasting and the Public Interest While immediately recognizable throughout the U S and many other countries media mainstays like X Men Star Trek and Transformers achieved such familiarity through constant reincarnation In each case the initial success of a single product led to a long term embrace of media franchising a dynamic process in which media

workers from different industrial positions shared in and reproduced familiar culture across television film comics games and merchandising In *Media Franchising* Derek Johnson examines the corporate culture behind these production practices as well as the collaborative and creative efforts involved in conceiving sustaining and sharing intellectual properties in media work worlds Challenging connotations of homogeneity Johnson shows how the cultural and industrial logic of franchising has encouraged media industries to reimagine creativity as an opportunity for exchange among producers licensees and even consumers Drawing on case studies and interviews with media producers he reveals the meaningful identities cultural hierarchies and struggles for distinction that accompany collaboration within these production networks *Media Franchising* provides a nuanced portrait of the collaborative cultural production embedded in both the media industries and our own daily lives

Mental Illness in Popular Culture Sharon Packer MD, 2017-05-24 Being crazy is generally a negative characterization today yet many celebrated artists leaders and successful individuals have achieved greatness despite suffering from mental illness This book explores the many different representations of mental illness that exist and sometimes persist in both traditional and new media across eras Mental health professionals and advocates typically point a finger at pop culture for sensationalizing and stigmatizing mental illness perpetuating stereotypes and capitalizing on the increased anxiety that invariably follows mass shootings at schools military bases or workplaces on public transportation or at large public gatherings While drugs or street gangs were once most often blamed for public violence the upswing of psychotic perpetrators casts a harsher light on mental illness and commands media's attention What aspects of popular culture could play a role in mental health across the nation How accurate and influential are the various media representations of mental illness Or are there unsung positive portrayals of mental illness This standout work on the intersections of pop culture and mental illness brings informed perspectives and necessary context to the myriad topics within these important timely and controversial issues Divided into five sections the book covers movies television popular literature encompassing novels poetry and memoirs the visual arts such as fine art video games comics and graphic novels and popular music addressing lyrics and musicians lives Some of the essays reference multiple media such as a filmic adaptation of a memoir or a video game adaptation of a story or characters that were originally in comics With roughly 20 percent of U S citizens taking psychotropic prescriptions or carrying a psychiatric diagnosis this timely topic is relevant to far more individuals than many people would admit

The 19th Century Robert Mackenzie, 1880 **The 1980s** Kimberly R. Moffitt, Duncan A. Campbell, 2011 As we approach twenty years since the end of the 1980s we have the opportunity to see the decade in perspective and are in a position to question the glib assumption that the 1980s were a mere conservative foil to the 1960s *The 1980s A Critical and Transitional Decade* edited by Kimberly R. Moffitt and Duncan A. Campbell places its topics within the context of a decade described as both critical and transitional because the 1980s in many respects marked the end of one era and the beginning of another For example the Reagan presidency the end of the Cold War MTV and the

appearance of the personal computer all reflect a legacy of political cultural and social transformation of the United States and the world and took place specifically within the 1980s The function of this interdisciplinary volume is not to simply highlight the significant phenomena of the period but rather demonstrate how so many apparently disparate events were in fact closely inter related and also products of their age The 1980s is a holistic analysis of the decade that focuses on major turning points developments in literature art entertainment politics and social experimentation The 1980s A Critical and Transitional Decade edited by Kimberly R Moffitt and Duncan A Campbell is a groundbreaking and stand alone introductory volume that is unapologetically interdisciplinary in nature and encourages students to explore topics of the decade often overlooked or grouped together with other more memorable decades such as the 1920s or 1960s **The Wasted Island**

Eimar O'Duffy,1920 **The North American Review** James Russell Lowell,1923 Vols 227 230 no 2 include Stuff and nonsense v 5 6 no 8 Jan 1929 Aug 1930 **Sunset** ,1917 **The Military Unpreparedness of the United States** Frederic Louis Huidekoper,1916 *The Nineteenth Century* Robert Mackenzie,1909 Principally Europe but includes USA and the British Empire **Toys and Novelties** ,1913 **Children's Catalog** ,1909 **Columbia War Papers** ,1917

Dun's Review ,1915 **The Missionary Review of the World** ,1902 **Encyclopedia of Children and Childhood** Paula S. Fass,2004 Review Readers are assured the latest interdisciplinary scholarship from an emerging field of study that examines the social history of children and childhood Some 445 expertly written articles bring new insight and understanding about the lived experiences of children and the many complex cultural meanings ascribed to childhood Emphasizing social history yet treating a broad range of related topics the set also contains a thematic outline of contents comprehensive index and appendix that lists important primary sources Reference that rocks American Libraries May 2005
