

Wellington's Generals

Wellingtons Generals

Arthur Wellesley of Wellington

Wellingtons Generals:

Wellington's Generals Michael Barthorp, 1990-10-25 Wellington's commanders were undoubtedly a breed apart. Among these heroes were cavalry officer Henry Paget who kept the French horses from the heels of the retreating British infantry with a dashing charge at Benavente and Thomas Picton who concealed his injuries from his men while commanding to his last breath. This book examines the command and staff system of Wellington's army during the Napoleonic Wars 1799-1815 and the background, character and war records of his commanding officers. Numerous illustrations, including eight full colour plates, depict the officers' uniforms in vivid detail. **Wellington's Lieutenants** Alexander Innes Shand, 1902

Wellington's Peninsular War Generals & Their Battles T. A. Heathcote, 2010-06-19 Wellington's achievements in the Peninsular War cannot be overestimated. At the outset in 1808 Napoleon and his Marshals appeared unstoppable. By the close Wellington and his Army had convincingly defeated the French and taken the war across the Pyrenees into France itself. He and his Generals had waged a hugely successful campaign both by conventional means and guerrilla warfare. This book contains the pithy biographies of some forty senior officers who served Wellington in the majority of cases so ably during this six-year war. Many had experience of battle prior to the Peninsular and went on to greater heights thereafter. There is a section summarizing the major engagements that this band of brothers took part in. The book is arranged in alphabetical order and each thoroughly researched entry places its subject's life in his historical and political context. The result is a highly entertaining, informative and authoritative book. *Wellington's Brigade Commanders* Ron McGuigan, Robert Burnham, 2017-05-31 A collection of brief biographies of the over sixty men who served as brigade commanders under Wellington during the Peninsula War, the Waterloo campaign. Recent research into the Duke of Wellington's armies during the Peninsular War and the Waterloo campaign has enhanced our understanding of the men he led and this new biographical guide to his brigade commanders is a valuable contribution to this growing field. Ron McGuigan and Robert Burnham have investigated the lives and careers of a group of men who performed a vital role in Wellington's chain of command. These officers were the brigadiers and major generals who for a variety of reasons never made the jump to become permanent division commanders. Their characters, experience and level of competence were key factors in the successes and failures of the army as a whole. Their biographies give us a fascinating insight into their individual backgrounds, their strengths and weaknesses, and the makeup of the society they came from. Each biography features a table covering essential information on the individual: his birth and death dates, the dates of his promotions, and details of his major commands. This is followed by a concise account of his life and service. Praise for *Wellington's Brigade Commanders*. Each entry is well written and researched, and the authors paint interesting portraits of these men, attempting to give some idea of their personalities and how they were seen by their men, as well as their military achievements. This is an excellent piece of work and I expect to find it very useful. *History of War* *The General Orders of Field Marshal the Duke of Wellington ... in Portugal, Spain, and France, from*

1809 to 1814 Arthur Wellesley Duke of Wellington, 1837 **The General Orders of Field Marshal the Duke of Wellington in Portugal, Spain and France from 1809 to 1814, and in the Low Countries and France 1815 and in France, Army of Occupation, from 1816 to 1818** Arthur Wellesley of Wellington, 1837 Wellington's Army, 1809-1814 Charles Oman, 2019-11-25 In Wellington's Army 1809-1814 Charles Oman meticulously chronicles the composition, evolution and tactics of the British military under the command of the Duke of Wellington during the Peninsular War. With a keen analytical eye, Oman blends narrative history with rigorous military analysis, offering rich insights into the operational strategies that led to key victories against Napoleonic forces. The text is imbued with a deep appreciation for the complexities of 19th-century warfare, encompassing not only the military engagements but also the socioeconomic factors that influenced the army's effectiveness. Written in a style that balances scholarly rigor with accessibility, Charles Oman, a distinguished military historian and scholar of the Napoleonic era, was greatly influenced by his own family's military background and the tumultuous political landscape of his time. His firsthand experiences and meticulous research into military records, orders, and letters afforded him a nuanced understanding of not just the battles but the human elements that defined Wellington's leadership and the morale of his troops. Oman's expertise is evident as he weaves together personal anecdotes with strategic evaluations. This book is a seminal work for anyone interested in military history, Napoleonic studies, or the British Army's role in 19th-century conflicts. Oman's engaging narrative and detailed analysis make it indispensable for scholars and casual readers alike, capturing not only the facts but the spirit of an army that played a pivotal role in shaping European history. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences that shaped the writing. A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. Interactive footnotes clarify unusual references, historical allusions, and archaic phrases for an effortless, more informed read. **Wellington's Command** George E. Jaycock, 2020-01-19 A military historian assesses the leadership style of the man who defeated Napoleon. The Duke of Wellington's victory at the Battle of Waterloo cemented his reputation as a great general, and much subsequent writing on his career has taken an uncritical, sometimes chauvinistic view of his talents. Little has been published that fully pins down the reality of Wellington's leadership, clearly identifying his weaknesses as well as his strengths. George E. Jaycock, in this perceptive and thought-provoking reassessment, does not aim to undermine Wellington's achievements but to provide a more nuanced perspective. He clarifies some simple but fundamental truths regarding his leadership and his performance as a commander. Through an in-depth study of his actions over the war years of 1808 to 1815, the author reassesses Wellington's effectiveness as a commander, the competence

of his subordinates and the qualities of the troops he led His study gives a fascinating insight into Wellington s career and abilities Wellington s Command is absorbing reading for both military historians and those with an interest in the Napoleonic period
