incorporated performance and video and have created works through instructions carried out by others Furthermore works of art that lack traditional signs of authenticity or permanence have been embraced by institutions long devoted to the original and the permanent Buskirk begins with questions of authorship raised by minimalists use of industrial materials and methods including competing claims of ownership and artistic authorship evident in conflicts over the right to fabricate artists works Examining recent examples of appropriation she finds precedents in pop art and the early twentieth century readymade and explores the intersection of contemporary artistic copying and the system of copyrights trademarks and brand names characteristic of other forms of commodity production She also investigates the ways that connections between work and context have transformed art and institutional conventions the impact of new materials on definitions of medium the role of the document as both primary and secondary object and the significance of conceptually oriented performance work for the intersection of photography and the human body in contemporary art Buskirk explores how artists active in the 1980s and 1990s have recombined strategies of the art of the 1960s and 1970s She also shows how the mechanisms through which art is presented shape not only readings of the work but the work itself She uses her discussion of the readymade and conceptual art to explore broader issues of authorship reproduction context and temporality **Sol LeWitt** Sol LeWitt,1969

Sol LeWitt's Studio Drawings in the Vecchia Torre Rye Dag Holmboe,2023-04-25 An intimate look at American artist Sol LeWitt s masterpiece of conceptual art drawn on the walls of a medieval tower in Italy In 1976 Sol LeWitt made a large group of pencil drawings on the internal walls of the Vecchia Torre a medieval tower in the Umbrian town of Spoleto Italy These fragile drawings made on walls that are susceptible to degradation have rarely been seen and never been documented yet they represent one of LeWitt s major works and a milestone in American conceptual art This groundbreaking volume brings together an extended essay on LeWitt s work by art historian Rye Dag Holmboe and a series of 60 photographic plates of the drawings by artist Joschi Herczeg giving readers an intimate experience of this singular site specific work A visual archive this book situates LeWitt s provisional material bodily and highly personal drawings in their historical biographical and theoretical contexts The result is nothing less than a reconsideration of LeWitt s lifework At once a work of conservation and a reflection on the relationship between drawing and architecture Sol LeWitt s Studio Drawings in the Vecchia Torre sheds new and welcome light on an unseen masterpiece **Sol Lewitt** Sol LeWitt,Martin Friedman,2000 **Sol LeWitt:**

Brick Wall Sol LeWitt,1977 Sol Lewitt Francesco Stocchi,2018-05 This catalogue gathers images of the works installed at the Foundation Carriero Milan and a previously unpublished biography on LeWitt illustrated with personal and archive images many of which have never been seen before and compiled for the publication by Sofia LeWitt the artist s daughter One decade after the death of Sol LeWitt the exhibition Between the Lines aims to offer a new perspective on the American artist s practice exploring its confines though always adhering to the underlying norms and principles of his ideas and singling out the most interesting moments of the method of investigation and the processes that may arise Curated by

Francesco Stocchi and renowned architect Rem Koolhaas his first time as curator in close partnership with the Estate of Sol LeWitt the exhibition is based on a powerful and innovative key to interpretation aimed above all at reformulating the idea that a work must adapt to the architecture thereby challenging the very notion of site specificity Between the Lines aims to move beyond the division that traditionally separates architecture and art history and which characterizes the artist s entire body of work aimed more at the process than at the final result free from any aesthetic or idealist opinion Published on the occasion of the exhibition Sol LeWitt Between the lines at Fondazione Carriero Milan 17 November 2017 24 June 2018 English and Italian text
