

The background of the entire image is a bright blue sky filled with soft, white, fluffy clouds. In the lower half of the image, a chain of hands is visible, reaching from the left towards the right. The hands are of various skin tones and are holding each other in a supportive grip. Environment is organized as a workbook rather than an academic text It should be read once and then used as a key reference source This clear and informative book will prove to be invaluable to practising designers to course directors and their students in need of a core teaching and reference text and to all those interested in learning about the tools and trends influencing green product design The authors have all been involved in an innovative demonstration programme called EcoReDesign which was developed by the Centre for Design at RMIT University with funding from the Australian government The Centre successfully collaborated with Australian companies to improve the environmental performance of their products by following DfE principles
