American Methodism grew at an astonishing rate rising from fewer than 1000 members in 1770 to over 250 000 by 1820 In *Taking Heaven by Storm* John H Wigger seeks to explain this remarkable expansion offering a provocative reassessment of the role of popular religion in American life Early Methodism was neither bland nor predictable rather it was a volatile and innovative movement both driven and constrained by the hopes and fears of the ordinary Americans who constituted its core Methodism s style tone and agenda worked their way deep into the fabric of American life Wigger argues influencing all other mass religious movements that would follow as well as many facets of American life not directly connected to the church Wigger examines American Methodism from a variety of angles focusing in turn on the circuit riders who relentlessly pushed the Methodist movement forward the critical role of women and African Americans within the movement the enthusiastic nature of Methodist worship and the unique community structure of early American Methodism Under Methodism s influence American evangelism became far more enthusiastic egalitarian entrepreneurial and lay oriented characteristics that continue to shape and define popular religion today [A Compendious History of American Methodism](#) Abel Stevens,1885 **A Compendious History of American Methodism** Abel Stevens,2015-06-17 Excerpt from A Compendious History of American Methodism Abridged From the Author s History of the Methodist Episcopal Church The Book Concern has for some years been spending liberally to provide the Church with a Standard History of Methodism It issued first a History of General Methodism in three volumes giving an account of the denomination in all parts of the world centralizing in the Wesleyan or parent body a work which has been reproduced by four or five competing publishers in England second a particular History of the Methodist Episcopal Church in four volumes the fourth volume just out These works have received the strongest indorsements not only by Methodists but other authorities on both sides of the Atlantic They meet a great want of the Church and a demand of the general religious public The author employed by the Concern to prepare them Dr Abel Stevens has devoted his utmost power to them and has by thorough research added more than one third to the data of our history as given by preceding writers These works are now a staple part of the property of the Church s own Publishing House they have cost it much and will yield much to its interest if properly patronized There are many of our people however who cannot spare the means for works as large as these It has been our design from the beginning therefore to present them in cheaper form that the whole Church may be supplied with them When propositions were made by other parties to our author with the most liberal offers of compensation to prepare a smaller work for more popular circulation he promptly declined them on the ground that it would be an indirect interference with the Book Concern s right of property in the work and contrary to the understood rules of the trade in such cases especially as the Concern designed in due time to issue an abridgment About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing
