Contemporary Comics Storytelling Karin Kukkonen,2020-02-17 What if fairy tale characters lived in New York City What if a superhero knew he was a fictional character What if you could dispense your own justice with one hundred untraceable bullets These are the questions asked and answered in the course of the challenging storytelling in *Fables* Tom Strong and *100 Bullets* the three twenty first century comics series that Karin Kukkonen considers in depth in her exploration of how and why the storytelling in comics is more than merely entertaining Applying a cognitive approach to reading comics in all their narrative richness and intricacy *Contemporary Comics Storytelling* opens an intriguing perspective on how these works engage the legacy of postmodernism its subversion self reflexivity and moral contingency Its three case studies trace how contemporary comics tie into deep traditions of visual and verbal storytelling how they reevaluate their own status as fiction and how the fictional minds of their characters generate complex ethical thought experiments At a time when the medium is taken more and more seriously as intricate and compelling literary art this book lays the groundwork for an analysis of the ways in which comics challenge and engage readers minds It brings together comics studies with narratology and literary criticism and in so doing provides a new set of tools for evaluating the graphic novel as an emergent literary form

Comics and Modernism Jonathan Najarian,2024-01-18 Contributions by David M Ball Scott Bukatman Hillary Chute Jean Lee Cole Louise Kane Matthew Levay Andrei Molotiu Jonathan Najarian

Katherine Roeder Noa Saunders Cl mence Sfadj Nick Sturm Glenn Willmott and Daniel Worden Since the early 1990s cartoonist Art Spiegelman has made the case that comics are the natural inheritor of the aesthetic tradition associated with the modernist movement of the early twentieth century In recent years scholars have begun to place greater import on the shared historical circumstances of early comics and literary and artistic modernism Comics and Modernism History Form and Culture is an interdisciplinary consideration of myriad social cultural and aesthetic connections Filling a gap in current scholarship an impressively diverse group of scholars approaches the topic from a variety of disciplinary backgrounds and methodologies Drawing on work in literary studies art history film studies philosophy and material culture studies contributors attend to the dynamic relationship between avant garde art literature and comics Essays by both established and emerging voices examine topics as divergent as early twentieth century film museum exhibitions newspaper journalism magazine illustration and transnational literary circulation In presenting varied critical approaches this book highlights important interpretive questions for the field Contributors sometimes arrive at thoughtful consensus and at other times settle on productive disagreements Ultimately this collection aims to extend traditional lines of inquiry in both comics studies and modernist studies and to reveal overlaps between ostensibly disparate artistic practices and movements
