Strange Days:

The Cinema of Kathryn Bigelow Deborah Jermyn, Sean Redmond, 2003 Kathryn Bigelow is one of Hollywood's most significant female film makers well known in popular terms for films such as *Near Dark*, *Blue Steel* and *Point Break* yet remaining relatively unexplored in academia Placing particular emphasis on *Strange Days* her most ambitious and controversial picture to date this collection explores Bigelow's role within New Hollywood as a film maker that blurs genre conventions reinscribes gender identities and produces a breathless cinema of attractions Back cover **Virtual Reality** Melanie Chan, 2015-07-30 The idea of virtual realities has a long and complex historical trajectory spanning from Plato's concept of the cave and the simulacrum to artistic styles such as *Trompe L'oeil* and more recently developments in 3D film television and gaming However this book will pay particular attention to the time between the 1980s to the 1990s when virtual reality and cyberspace were represented particularly in fiction as a wondrous technology that enabled transcendence from the limitations of physical embodiment The purpose of this critical historical analysis of representations of virtual reality is to examine how they might deny repress or overlook embodied experience Specifically the author will contend that embodiment is a fundamental aspect of immersion in virtual reality rather than something which is to be transcended In this way the book aims to challenge distorted ideas about transcendence and productively contribute to debates about embodiment and technology The 33 1/3 B-sides Will Stockton, D. Gilson, 2019-09-05 If given another chance to write for the series which albums would 33 1/3 authors focus on the second time around This anthology features compact essays from past 33 1/3 authors on albums that consume them but about which they did not write It explores often overlooked and underrated albums that may not have inspired their 33 1/3 books but have played a large part in their own musical cultivation Questions central to the essays include How has this album influenced your worldview How does this album intersect with your other creative and critical pursuits How does this album index a particular moment in cultural history In your own personal history Why is the album perhaps under the radar or a buried treasure Why can't you stop listening to it Bringing together 33 1/3's rich array of writers critics and scholars this collection probes our taste in albums our longing for certain tunes and our desire to hit repeat all while creating an expansive must listen list for readers in search of unexplored musical territories **New York Magazine**, 1995-10-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea New York Magazine, 1995-10-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the

magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Restless Subjects in Rigid Systems** Susanne Wegener, 2014-06-15
 The anticipatory logic of speculation and preemptive politics of risk are increasingly gaining significance in a globalizing neoliberal world This study traces risk and speculation as aesthetic and political economic strategies in factual and fictional discourses emerging at the North American Pacific Rim within a decade around 2000 Its exemplary close readings in particular focus on three fictional texts Kathryn Bigelow's Hollywood film *Strange Days* 1995 Karen T Yamashita's novel *Tropic of Orange* 1997 and Larissa Lai's novel *Salt Fish Girl* 2002 whose intricate aesthetics pass perceptive critique on concurrent political economic discourses and their subtle reconfiguration of race class and gender The speculative near future scenarios projected by these artifacts expose the rise of risk as a new rationality of governance At the same time they illustrate neoliberal speculation as a new paradigm of subject formation at a hyper capitalist millennial Pacific Rim **New York Magazine** ,1995-10-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Carry On; a Magazine on the Reconstruction of Disabled Soldiers and Sailors* ,1918 **The Lives of the Saints** Sabine Baring-Gould,1897 **Proceedings of the Louisiana Bar Association** Louisiana State Bar Association,1922 List of members in each volume [The Cornhill Magazine](#) ,1920 *The International Library of Famous Literature* ,1898
