Receiving the Stranger in Shakespeare Joan Fitzpatrick, 2025 Hospitality to strangers has become an increasingly prevalent topic in recent years from political upheavals resulting in the displacement of millions of people to the emergence of our collective obligations towards strangers during the Covid 19 pandemic Yet the vexed question of when to welcome or reject strangers is nothing new In the context of an increasingly multicultural early modern London where disease including plague was often rampant Shakespeare repeatedly explores the subtle ethical complexities that attend seemingly straightforward acts of hospitality or their refusal *Receiving the Stranger in Shakespeare* provides critical analysis of the most important moments of hospitality or its denial in Shakespeare's plays situating them historically in order to fully explore Shakespeare's engagement with early modern views The book explores the plays definitions of the self self interest and otherness and their relevance to make sense of the world and an exploration of the social economic and political particularities that make such distinctions as troublesome as they are necessary This volume will unravel the various attempts successful and unsuccessful to balance these obligations and risks Provided by publisher

None a Stranger There Scott Oldenburg, Matteo Pangallo, 2024 *None a Stranger There* offers a collection of wide ranging essays that explore the creation and understanding of English identity through the lens of early modern drama Drawing together a rich array of disciplines literary criticism theater history linguistics book history and performance studies the scholars in this collection illuminate how diverse or competing notions of Englishness can be seen and studied in early modern English plays They are an especially fertile site of study because they enabled collective performances in a variety of settings such as public theaters royal courts and streets They engaged with live audiences from a cross section of society The contributors also draw parallels

in plays of the period between past and present They identify vivid struggles over controversies especially Brexit and neonationalism that still bedevil Britain and much of the western world attitudes about and experiences of immigrants xenophobia and tolerance multiculturalism assimilation and hybridity patriotism and jingoism racial and ethnic identity border making and border crossing transnational itinerancy and other topics None a Stranger There provides a nuanced understanding of how early modern dramatists shaped and responded to questions about English identity and its relationship with Europe and beyond It emphasizes the fluidity and complexities of national identity reminding us that these debates remain deeply relevant in an interconnected world

Shakespeare's Tragedy of Timon of Athens William Shakespeare, 1910 Critical Essays on Shakespeare's Othello Anthony Gerard Barthelemy, 1994 Othello has been called the greatest of Shakespeare's plays and also condemned as the most flawed of his major works This collection of critical essays centres on race as the main concern of the play highlighting the area as central to the understanding

If Caliban's Wish Came True - The the master-servant relationship of Shakespeare's 'The Tempest' in Nadine Gordimer's contemporary novel Bernd Evers, 2004-01-16 Seminar paper from the year 2000 in the subject English Language and Literature Studies Literature grade 2 B University of Potsdam Institute for Anglistics language English abstract Already in 1611 William Shakespeare argued in his romance The Tempest with the conquest of the New World A wide space in this play is fulfilled by the analysis of the relationship between the European imperialist and the submissive native shown by the example of Prospero the rightful duke of Milan and the creature Caliban the savage and deformed slave

1 Nearly 400 years later in 1982 the South African author Nadine Gordimer deals with the situation of the abused slave in her novel July's People again She creates a fictional situation where the former white coloured masters have lost their power after a successful revolution of the suppressed black majority The white middle class family the Smales become themselves slaves as they are from now on dependent from their servant July who offers them a refuge in his homeland In the upcoming analysis I want to show that Nadine Gordimer created a situation which can be seen as If Caliban's wish came true as she continues the attempt of the slave to recover his liberty I want to compare both novels in order to prove that Gordimer orientated herself very much on Shakespeare's play and makes use of typical characteristics of the master and the slave we find in there Her work should be regarded on the one hand as continuation and on the other hand as a lean on The Tempest

Ethical Implications of Shakespeare in Performance and Appropriation Geoffrey Way, Kathryn Vomero Santos, Louise Geddes, 2024-04-30 Bringing together the discrete fields of appropriation and performance studies this

collection explores pivotal intersections between the two approaches to consider the ethical implications of decisions made when artists and scholars appropriate Shakespeare. The essays in this book, written by established and emerging scholars in subfields such as premodern critical race studies, gender and sexuality studies, queer theory, performance studies, adaptation, appropriation studies, and fan studies, demonstrate how remaking the plays across time, cultures, or media changes the nature both of what Shakespeare promises and the expectations of those promised Shakespeare. Using examples such as rap music, popular television, theatre history, and twentieth-century poetry, this collection argues that understanding Shakespeare at different intersections between performance and appropriation requires continuously negotiating what is signified through Shakespeare to the communities that use and consume him.
