Peter Hoffman, 2021-06-08 A culinary pioneer blends memoir with a joyful inquiry into the ingredients he uses and their origins now in paperback What goes into the making of a chef a restaurant a dish And if good ingredients make a difference on the plate what makes them good in the first place In his highly anticipated first book influential chef Peter Hoffman offers thoughtful and delectable answers to these questions A locavore before the word existed New York Times Hoffman tells the story of his upbringing professional education and evolution as a chef and restaurant owner through its components everything from the importance of your relationship with your refrigerator repairman and an account of how a burger killed his restaurant to his belief in peppers as a perfect food one that is adaptable to a wide range of cultural tastes and geographic conditions and reminds us to be glad we are alive Along with these personal stories from a life in restaurants Hoffman braids in passionately curious explorations into the cultural historical and botanical backstories of the foods we eat Beginning with a spring maple sap run and ending with the late season frost defying vegetables he follows the progress of the seasons and their reflections in his greenmarket favorites moving ingredient to ingredient through the bounty of the natural world Hoffman meets with farmers and vendors and unravels the magic of what we eat deepening every cook's appreciation for what's on their kitchen counter What's Good is a layered insightful and utterly enjoyable meal *Exploring 1 & 2 Thessalonians* John Phillips, 2005 No one analyzes the biblical text better than John Phillips I have benefited greatly
