Structural Anthropology

Claude Levi-Strauss

Structural Anthropology:

Structural Anthropology Claude Lévi-Strauss, 2008-08-05 The structural method first set forth in this epoch making book changed the very face of social anthropology This reissue of a classic will reintroduce readers to Lévi Strauss's understanding of man and society in terms of individuals kinship social organization religion mythology and art **Claude Lévi-Strauss and the Making of Structural Anthropology** Marcel Hénaff, 1998 As anthropology continues to transform itself this book affords a broad and balanced account of the remarkable accomplishments of one of the great intellectual innovators of the 20th century It presents an authoritative and accessible analysis of Claude Lévi Strauss's research in anthropological theory and practice as well as his contributions to debates surrounding linguistics epistemology ethics and aesthetics *Structural Anthropology V2* Claude Lévi-Strauss, 1976-02-29 The eighteen essays collected in this volume have been selected and ordered to give what Lévi Strauss terms a bird's eye view of the problems of modern ethnology As representative examples these essays introduce readers to the methods of structural anthropology while affording a glimpse into the mind of one of the foremost anthropologists of our time *Structural Anthropology Volume II* is a diverse collection It is a useful sampler that gives a reader the full range of Lévi Strauss's interests Daniel Bell New York Times Book Review *Structural Anthropology* Claude Lévi-Strauss, 1963 Structural Anthropology provides an introduction to his distinctive approach to anthropology as the study of a science of general principles The now renowned structural method which has changed the face of social anthropology views man and society in terms of universals kinship social organization religion and mythology and art **An Analysis of Claude Lévi-Strauss's Structural Anthropology** Jeffrey A. Becker, Kitty Wheeler, 2017-07-05 Structural Anthropology 1958 not only transformed the discipline of anthropology it also energized a movement called structuralism that came to dominate the humanities and social sciences for a generation *Structural Anthropology* Claude Lévi-Strauss, 1993 The eighteen essays collected in this volume have been selected and ordered to give what Lévi Strauss terms a bird's eye view of the problems of modern ethnology As representative examples these essays introduce readers to the methods of structural anthropology while affording a glimpse into the mind of one of the foremost anthropologists of our time *Structural Anthropology Volume II* is a diverse collection It is a useful sampler that gives a reader the full range of Lévi Strauss's interests Daniel Bell New York Times Book Review *Structural Anthropology Zero* Claude Lévi-Strauss, 2021-09-23 This volume of Lévi Strauss's writings from 1941 to 1947 bears witness to a period of his work which is often overlooked but which was the crucible for the structural anthropology that he would go on to develop in the years that followed Like many European Jewish intellectuals Lévi Strauss had sought refuge in New York while the Nazis overran and occupied much of Europe He had already been introduced to Jakobson and structural linguistics but he had not yet laid out an agenda for structuralism which he would do in the 1950s and 60s At the same time these American years were the time when Lévi Strauss would learn of some of the world's most devastating historical catastrophes the genocide of the

indigenous American peoples and of European Jews From the beginning of the 1950s Levi Strauss's anthropology tacitly bears the heavy weight of the memory and possibility of the Shoah To speak of structural anthropology zero is therefore to refer to the source of a way of thinking which turned our conception of the human on its head But this prequel to Structural Anthropology also underlines the sense of a tabula rasa which animated its author at the end of the war as well as the project shared with others of a civilizational rebirth on novel grounds Published here in English for the first time this volume of Levi Strauss's texts from the 1940s will be of great interest to students and scholars in anthropology sociology and the social sciences generally

The Ethnological Imagination Fuyuki Kurasawa, 2004 Kurasawa sociology York U Toronto suggests what he calls the ethnological imagination as one of the possible routes out of the impasse created by the apparent exhaustion or inadequacy of Western social theory to deal with cross cultural thinking which becomes ever more urgent in light of increasing cultural pluralism and difference in the glo

Levi-Strauss on Religion Paul-Francois

Tremlett, 2014-12-05 Levi Strauss the father of modern anthropology is one of the most influential thinkers of the Twentieth Century His development of structuralism the identification of patterns of human cognition and behaviour greatly influenced Althusser Lacan Foucault and Derrida Levi Strauss on Religion presents one of the only examinations of the importance of Levi Strauss thought and work to the study of religion The book examines his methodology as well as his contributions to the study of kinship totemism and myth The issues raised by Levi Strauss anthropological political and philosophical texts are placed alongside contemporary debates in religious studies and the student is introduced to the thinkers and theories that informed his writings This book will be invaluable to students of the anthropology and phenomenology of religion

Physical Space and Spatiality in Muslim Societies Mahbub Rashid, 2021-08-10 Mahbub Rashid embarks on a fascinating journey through urban space in all of its physical and social aspects using the theories of Foucault Bourdieu Lefebvre and others to explore how consumer capitalism colonialism and power disparity consciously shape cities Using two Muslim cities as case studies Algiers Ottoman French and Zanzibar Ottoman British Rashid shows how Western perceptions can only view Muslim cities through the lens of colonization a lens that distorts both physical and social space Is it possible he asks to find a useable urban past in a timeline broken by colonization He concludes that political economy may be less relevant in premodern cities that local variation is central to the understanding of power that cities engage more actively in social reproduction than in production that the manipulation of space is the exercise of power that all urban space is a conscious construct and is therefore not inevitable and that consumer capitalism is taking over everyday life Ultimately we reconstruct a present from a fragmented past through local struggles against the homogenizing power of abstract space

Structural Anthropology Claude Lévi-Strauss, 1963

The Scope and Content of the Science of Anthropology Juul Dieserud, 1908

Claude Levi-Strauss David Pace, 2015-07-03 Levi Strauss is one of the intellectual giants of the twentieth century yet he is a very private and isolated figure who has been reticent about himself This book first published in 1983

provides a fascinating insight into his character through a careful reading of the more speculative passages of his books and interviews His personal existential and psychological orientation is explored through a structural analysis of *Tristes Tropiques* his most personal book and his writings on art nature and civilization and through a consideration of his debt to Rousseau Dr Pace examines in depth L vi Strauss s critique of cultural evolutionism and his attack on the notion of world history He assesses the political implications of L vi Strauss s own interpretation of human progress through an examination of his debates with Sartre and other Marxists in the 1950s and 1960s and his subsequent movement to the right The author s concern throughout is to place the world view of this great French anthropologist in the context of twentieth century intellectuals struggle to come to grips with cultural relativism and the problem of the primitive [Lévi-Strauss Today](#) Robert Deliège,2004-09-04 This book provides a concise overview of the monumental work of the greatest and most prolific thinkers of the 20th century Claude Le vi Strauss has had a profound and lasting impact on the course of contemporary anthropology [Myth and Meaning](#) Claude Lévi-Strauss,2013-12-13 The anthropologist Claude Levi Strauss was one of the greatest intellectuals of the twentieth century His work has had a profound impact not only within anthropology but also linguistics sociology and philosophy In this short book he examines the nature and role of myth in human history distilling a lifetime of writing into a few sharp insights It is a crystalline overview of many of the basic ideas underlying his work including the theory of structuralism and the difference between primitive and scientific thought and shows why Levi Strauss remains a hugely important intellectual figure With a new foreword by Patrick Wilcken [Human Behavioral Structure](#) Norman R. Joseph,1978 *View From Afar* Claude Levi-strauss,1985-04-24 This collection touches on a wide range of anthropological issues including family and marriage myths and rites the environment and its representation and constraint and freedom The essays encompass more than forty years of analysis and constrain arguments that are as relevant today as they were thirty years ago Hardly a field remains untouched sociobiology linguistics botany genetics psychiatry esthetics ecology politics neuroscience education morality psychology It s all breathtaking and alarming some of it wonderful some of it ridiculous At times the experience is exhilarating Richard A Shweder New York Times Book Review [The Elementary Structures of Kinship](#) Claude Levi-Strauss,2016-05-10 Professor L vi Strauss s first major work *Les Structures l mentaires de la Parent* has acquired a classic reputation since its original publication in 1949 and it has become the constant focus of academic debate about central theoretical concerns in social anthropology It is however a long and difficult book for many students to read in French and its arguments have consequently become known even among professional anthropologists largely through critical analysis It was republished in a revised French edition in 1967 with a new foreword by the author and it is this text with his further emendations that has been used in this translation L vi Strauss applies his intellectual powers to the perennial problem of incest which he elucidates by means of the concept of exchange as formulated by Marcel Mauss in his famous analysis of the gift *Essai sur le don* 1925 He distinguishes two elementary modes of exchange which

govern not only the conventional variety of goods and services but also the transfer of women in marriage these are restricted and generalized exchange With a mass of ethnographic evidence he demonstrates how the formidable intricacy of marriage customs comprising moral and jural ideas and institutions which appear to be essentially arbitrary can be seen as local and historical rules of exchange Charles L vi Strauss traces these rules throughout a vast range of simple societies chiefly in Australia and mainland Southeast Asia but also in the Americas in Oceania and in other parts of the world To this survey he adds two extended sections on the great civilizations of China and India He continues with a briefer consideration of the passage from elementary to complex structures with particular reference to African societies and concludes with a stimulating chapter on the principles of kinship exchange as the universal basis for marriage prohibitions and the formal relations between the sexes as part of a universe of communication Although much of the work is technical consisting of detailed analyses of types of social organization with which social anthropologists will be most familiar it also contains much that will be of interest to psychologists linguists and philosophers and to all who are interested in the possibility and the technique of the structural analysis of human activity After the successes moreover of L vi Strauss s subsequent books notably *Structural Anthropology* *Tristes Tropiques* *Totemism* and *The Savage Mind* this new edition of the work which founded his present outstanding reputation will have additional value as a further means of contact with one of the original minds of this century The translation has been made by James Harle Bell and John Richard von Sturmer of the University of New England Australia and by Rodney Needham of the University of Oxford Dr Needham also acted as general editor and supplied the work with a new general index He is the translator of L vi Strauss s *Le Totemisme aujourd hui* and author of *Structure and Sentiment* 1962 and numerous papers which have contributed to the recognition of Professor L vi Strauss s work in the English speaking world

The Structure of Solidarity and Alliance on Namoluk Atoll Keith MacDonald Marshall, 1972

The Plurality of Worlds and Other Essays Thomas Hughes, 1927

Unveiling the Power of Verbal Art: An Mental Sojourn through **Structural Anthropology**

In a world inundated with monitors and the cacophony of instantaneous conversation, the profound energy and emotional resonance of verbal artistry frequently diminish in to obscurity, eclipsed by the constant barrage of noise and distractions. Yet, set within the lyrical pages of **Structural Anthropology**, a charming function of fictional beauty that pulses with natural feelings, lies an unforgettable trip waiting to be embarked upon. Written by way of a virtuoso wordsmith, this magical opus courses readers on an emotional odyssey, lightly revealing the latent potential and profound affect embedded within the complex web of language. Within the heart-wrenching expanse with this evocative analysis, we shall embark upon an introspective exploration of the book is key subjects, dissect their charming writing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Structural Anthropology Introduction

In today's digital age, the availability of Structural Anthropology books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Structural Anthropology books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Structural Anthropology books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Structural Anthropology versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Structural Anthropology books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Structural Anthropology books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Structural Anthropology books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated

to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Structural Anthropology books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Structural Anthropology books and manuals for download and embark on your journey of knowledge?

FAQs About Structural Anthropology Books

1. Where can I buy Structural Anthropology books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Structural Anthropology book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Structural Anthropology books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.

5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Structural Anthropology audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Structural Anthropology books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
