Struggle For Legitimacy:

Amílcar Cabral and the PAIGC's Binational Struggle for the Independence of Guinea-Bissau and Cabo Verde Víctor Barros, Aurora Almada e Santos, 2025-12-08 The struggle for independence of Guinea Bissau and Cabo Verde was shaped by a multiplicity of interactions and connections Because of the intimate association between the African Party for the Independence of Guinea and Cabo Verde PAIGC Partido Africano da Independ ncia da Guin e Cabo Verde and Am lcar Cabral s leadership the existing scholarship has been discussing the fight led by the liberation movement and its Secretary General s role within a single analytical framework While much has been written most studies fail to break the many historiographical silences still existing around the subject Am lcar Cabral and the PAIGC s Binational Struggle for the Independence of Guinea Bissau and Cabo Verde intends to evince a multiplicity of analytical itineraries through which Cabral s figure can contribute to understand the rise to statehood of both territories and the construction of memory of the anti colonial struggle **The Struggle for Legitimacy** Jon V. Kofas, 1992 **Intra-Jewish Conflict in Israel** Sami Shalom Chetrit, 2009-10-16 This book examines the Mizrahi Jews Jews from the Muslim world in Israel focussing on social and political movements such as the Black Panthers and SHAS It charts the relations and political struggle between Ashkenazi Zionists and the Mizrahim in Israel from post war relocation through to the present day The Struggle for Legitimacy Alan Ian Henry Craig, 2011 Media Strategy and Military Operations in the 21st Century Michal Shavit, 2016-07-15 This book applies the concept of mediatization to the contemporary dynamic between war media and society with a focus on the Israel Defence Forces IDF Since the beginning of the 21st century the IDF has undergone an intensive process of mediatization that has transformed the media into an interpretative grid for many of its military activities and increasingly utilized media to garner public support and construct civilian perceptions of conflict and security through media activity and strategy This process can be divided into four distinct chronological phases in accordance with the operational challenges confronted by the IDF during this period from the Al Aqsa Intifada of 2000 through Israeli unilateral disengagement from Gaza in 2005 and the second Lebanon war of 2006 to the series of Gaza confrontations of 2008 2014 The work shows how the IDF s media policy evolved from a narrow perception of its role and separation between operational and media actions to a cohesive and coherently articulated media strategy that is increasingly intertwined with military action and operational strategy and a vital component of strategic military aims and objectives This strategic stance has led the IDF to adopt a global media perspective using the most advanced new media platforms designed to influence public opinion and improve national narratives both in Israel and the international community By applying the concept of mediatization to the Israeli case this book fills a research lacuna and offers a new prism for the study of media military relations in contemporary conflicts The book will be of much interest to students of civil military relations strategic studies Middle Eastern Studies media and communication studies sociology and IR in general **Postcritical Ethnography** George W. Noblit, Susana Y. Flores, Enrique G. Murillo, 2004 This

collection of essays are on the cutting edge of contemporary ethnographic methods that are based in a critique of critical ethnography It is based in the assumption that ethnography is the ultimate colonialist project and critical theory the ultimate modernist project
