The Field Hospital Church John Gonzalez, 2024-12-18 I see clearly Pope Francis said at the outset of his papacy that the thing the church needs most today is the ability to heal wounds and to warm the hearts of the faithful it needs nearness proximity I see the church as a field hospital after battle This inspiring vision by Pope Francis speaks volumes on the importance of the Catholic social tradition and the role of pastoral ministry in addressing the social issues of our time The premise for this book is the recognition that society is in a state of deep transition This social transition includes massive and daunting cultural political economic and environmental changes But for members of the Catholic Church Pope Francis vision can inspire the need to rethink and promote parish social ministry throughout the United States This guiding metaphor can serve as an interpretive lens for the Church to become an instrument of systemic change through the parish and diocesan level After spending decades promoting social ministries at these local levels Latinx activist and scholar John Gonzalez is convinced that the Catholic church can and should play a more effective role in responding to these needs particularly if those working in the trenches have a clearer deeper understanding of Catholic social teaching This book will show the soaring aspirations of social justice in the Catholic tradition and what it means to put those aspirations into practice Drawing on the author's poignant experiences in social ministry and his occasional dark nights of the soul *Catholic Social Teaching in Action* is the story of how to make a difference It demonstrates

that Catholic social teaching and pastoral ministry is integral to a truly faithful Church a Church that responds to the pain and suffering in our world and lives up to the theological and ethical commitments found in the Gospels By showing Catholic social teaching in action John Gonzales reveals a Church that in the words of Pope Francis can heal wounds and warm hearts

Chasing Wrongs and Rights Elaine Pearson,2022-09-07 The Australia Director at Human Rights Watch shares her experiences defending human rights from human trafficking in Nepal to the drug war in the Philippines to treatment of detainees in Papua New Guinea and in Australia offering an extremely involving personal account of how far we ve come and how far we ve got to go Growing up in Perth Elaine Pearson always dreamt of the wider world Her British father and Singaporean Chinese mother meant that her family extended beyond our shores but it wasn t until later in life that she fully understood how her professional calling might have been influenced by personal history she learned that her beloved maternal grandmother had been sold to an opera troupe as a child to save the family from starvation As soon as she could Elaine followed her interest in women s rights and people trafficking interviewing sex workers and victims of trafficking on the streets of Bangkok and Amsterdam s red light district Her experiences in Nepal and Nigeria profoundly shaped her understanding of how governments and NGOs need to protect the rights of victims as well as how poverty corruption and war

drive trafficking in the first place Elaine's story takes us on a panoramic survey of human rights across the world into the UN committee rooms of New York and Geneva as well as to the front lines of Sri Lanka's search for those who disappeared in the country's civil war examining death squad killings on the Philippines island of Mindanao and the detention of asylum seekers in Papua New Guinea And her work on the appalling treatment of prisoners many of whom are Aboriginal vividly demonstrates that human rights abuses are something that happens at home as well as out in that wider world In exploring human rights abuses and governments failure to address them Chasing Wrongs and Rights sometimes shows humanity at its worst Just as often though we see people at their best compassionate resilient determined Deeply informative and inspiring Elaine Pearson's story will leave you understanding how much needs to change and how individuals can make a difference
