province of Japan Crossing Boundaries in Tokugawa Society presents a vivid picture of the life and world of this rural commoner focusing on his interaction with the changing social and cultural environment of the late Tokugawa period 1603-1868 Bokushi's life and texts challenge notions of the rigidity of social boundaries between the urban and the rural between social statuses and between cultural and intellectual communities However his activities were still restrained by the external environment because of geographical remoteness infrastructural limitations political restrictions cultural norms and the complexities of human relationships His life exemplifies both the potentiality and the restraint of his historical moment for a well placed member of the rural elite
