The Human Creature:

The Human Creature Gunter Altner,1974 **The Human Creature** Günter Altner, Gerhard Heberer,1974 Mimesis and the Human Animal Robert Storey,1996-12-16 In Mimesis and the Human Animal Robert Storey argues that human culture derives from human biology and that literary representation therefore must have a biological basis As he ponders the question What does it mean to say that art imitates life he must consider both What is life and What is art A unique approach to the subject of mimesis Storey s book goes beyond the politicizing of literature grounded in literary theory to develop a scientific basis for the creation of literature and art **Beyond the Human-Animal Divide** Dominik Ohrem,Roman Bartosch,2017-11-21 This volume explores the potential of the concept of the creaturely for thinking and writing beyond the idea of a clear cut human animal divide presenting innovative perspectives and narratives for an age which increasingly confronts us with the profound ecological ethical and political challenges of a multispecies world The text explores written work such as Samuel Beckett s Worstward Ho and Michel Foucault s The Order of Things video media such as the film Creature Comforts and the video game Into the Dead and photography With chapters written by an international group of philosophers literary and cultural studies scholars historians and others the volume brings together established experts and forward thinking early career scholars to provide an interdisciplinary engagement with ways of thinking and writing the creaturely to establish a postanthropocentric sense of human animal relationality The Battle of The Sexes: It's Been Downhill Since The Garden H.R. Boaz,2021-05-08 The Battle of the Sexes explores how the Word of God YHWH both the Old Testament and the New Testament has been twisted to support a narrative that is not in the Scriptures Traditional translations and teachings of the Bible have either presumed or assumed that men are given power and dominion over women But nowhere in the Bible is this statement made not even in Genesis Bereishis 3 16 And your husband will rule over you which is not spoken as an imperative but rather as a prophecy The original Hebrew language of the first five books of Moses also known as the Torah Old Testament tells a very different story of the primal couple A story that is contrary to what is often taught in all religions that use the Word of YHWH as their foundation namely Judaism Christianity and Islam With an abbreviated overview of human history as told from YHWH s point of view we discover a connection of how all cultures have come to share similar myths legends and stories with the Torah And how these ancient archetypes of good and evil have been misused to support a psychological and socio political advantage of men over women Likewise a brief foray into the unique Hebrew language the ancient language in which YHWH created our world and dictated the Torah to Moses provides proof that the Word of God is indeed communication from another dimension Like a massive encrypted message the Torah includes multiple levels of God given fences that protect the Word of God from man s distorted perspective The Hebrew language itself provides the most significant fence Like no other language each Hebrew word defines itself by the letters that make up the word This is only one feature of the holy text that assures that the instructions of YHWH remain intact regardless of man

s interpretations The Battle of the Sexes is an examination from a fresh viewpoint into the issues that arise between the genders which stem from the original disobedience of God's one instruction by the primal couple in the Garden of Eden Gan Eden We see a more complete perspective of who did what in the initial defiance and how we continue to struggle in the female male relationship with those very same issues first raised in Gan Eden Moreover with clarity the Hebrew language reveals a much greater significance of the female to the human experience than is typically taught in any religion Exposed in her Hebrew name which is not usually translated properly is her irrefutable role in God's plan of salvation for the human race God did not make women subservient to men and YHWH did not give men or women dominion over anything but the animals and the earth to utilize as God intends Humanity is to work together not to manipulate or fight to assume power over one another Nowhere is this idea more consequential than in the marriage relationship Being the preeminent human relationship YHWH presents marriage as the foundation for all other human relationships from Bereishis the beginning creation of our world and the human creature Undergirding the arrogant impudent presumption that men are to rule over women is the equally destructive fallacy that God is masculine The Battle of the Sexes explores how from the initial verses and chapters of the first book of Torah the book of Genesis we begin to understand how as the Jewish Sages say with the change of one letter the world is destroyed With the misinterpretation and misunderstanding of one Hebrew word adam our modern grasp of the essence of YHWH and the female male relationship as described in Torah has been distorted and all but destroyed The Battle of the Sexes is sure to not only answer but raise many questions regarding the female male relationship as well as humanities relationship with God

The Human Side of Animals Royal Dixon, 1918 *An Inquiry Into the Probable Origin of the Human Animal, ...* William Henry Harvey, 1860 *God and Human Suffering* Douglas John Hall, 1986 Professor Hall has written a major work on an agonizing subject at once brilliant comprehensive and thought provoking In contrast to many writers who gloss over one or the other Dr Hall is true both to the reality of suffering and to the affirmation that God creates sustains and redeems Creative is his view that certain aspects of what we call suffering loneliness experience of limits temptation anxiety are necessary parts of God's good creation These he distinguishes from suffering after the fall the tragic dimension of life Unique is his structure creation suffering as becoming the fall suffering as a burden redemption conquest from within Professor Hall succeeds in moving the reader beyond the customary way of stating the problem How can undeserved suffering coexist with a just and almighty God He also evaluates five popular leading thinkers on suffering Harold Kushner C S Lewis Diogenes Allen George Buttrick and Leslie Weatherhead

On Being Human Ray S. Anderson, 2010-10-01 What does it mean to be human How does a right understanding of personhood affect decisions on critical life situations What implications does a biblical perspective on personhood have for the pastoral ministry of healing and hope In answering these questions Ray S Anderson focused on the person as determined by and sustained by the creative power of God He explored the the implications of a biblical understanding of personhood for such critical issues as

human sexuality family relationships abortion and death He broke new ground in relating pastoral care and counseling to contemporary issues which challenge Christians and their understanding of the meaning of human life [A Kairos Moment for Caribbean Theology](#) Garnett Roper, J. Richard Middleton, 2013-08-12 The project of developing a contextual theology for the Caribbean was first articulated in the early 1970s in Trinidad and Jamaica In the years since many evangelical churches and theologians in the Caribbean have been ambivalent about the validity of this project assuming that an emphasis on context was somehow antithetical to the pure gospel But the crisis of the times along with a more mature hermeneutic has led to a re evaluation of this assumption Here a group of evangelical Caribbean theologians enter the discussion with substantive proposals for how the gospel addresses the Caribbean context They are joined by other theologians from mainline Protestant and Catholic traditions in the Caribbean The result is an ecumenical dialogue on the diverse ways in which orthodox Christian faith may provide both challenge and hope for the Caribbean context Half the essays in this volume were originally presented at the Forum on Caribbean Theology held in 2010 at the Jamaica Theological Seminary the rest were invited especially for this volume

The Human Animal Markus Gabriel, 2024-11-13 The climate crisis has forced us to recognize that we are not separate from nature but are part of the natural world on which we depend human beings are animals and we must understand much better our place in nature and our impact on our environment if we are to avoid our own annihilation as a species And yet we feel nevertheless that we do not entirely fit into nature that we stand apart from other animals in some way in what way exactly Markus Gabriel argues that what distinguishes humans from other animals is that humans are minded living beings who seek to understand the world and themselves and who possess ethical insight into moral contexts Mind is the capacity to lead one's life in the light of a conception of who or what one is The undeniable difference between us and other animals defines the human condition and places a special responsibility on us to consider our actions in the context of other living beings and our shared habitat It also calls on us to cultivate an ethics of not knowing to recognize that however much we may seek to understand the world we will never completely master it Our grasp of reality mediated by our animal minds will always be limited much is and will remain alien to us lending itself only to speculation and to remember this is to stand us in better stead for carving out an existence among the environmental crisis that looms before us all
