Stone, 2015-09-09 Are the Writings a miscellaneous collection of books as is so often asserted or do they have a purposeful design or arrangement Over the past 35 years there has been a significant amount of scholarly interest in the shape of the Law Former Prophets Twelve Minor Prophets and the Psalms while examinations of the shape of the Writings were almost nonexistent until very recently The 11 essays in this volume explore this often neglected issue from a variety of critical perspectives reader centered approaches canonical structural canonical and redactional made more robust by the mix of
