

The Memory Of History

Andrew Jervise

The Memory Of History:

Memory and History Joan Tumblety, 2013-07-15 How does the historian approach memory and how do historians use different sources to analyze how history and memory interact and impact on each other *Memory and History* explores the different aspects of the study of this field Taking examples from Europe Australia the USA and Japan and treating periods beyond living memory as well as the recent past the volume highlights the contours of the current vogue for memory among historians while demonstrating the diversity and imagination of the field Each chapter looks at a set of key historical and historiographical questions through research based case studies How does engaging with memory as either source or subject help to illuminate the past What are the theoretical ethical and or methodological challenges that are encountered by historians engaging with memory in this way and how might they be managed How can the reading of a particular set of sources illuminate both of these questions The chapters cover a diverse range of approaches and subjects including oral history memorialization and commemoration visual cultures and photography autobiographical fiction material culture ethnic relations the individual and collective memories of war veterans The chapters collectively address a wide range of primary source material beyond oral testimony photography monuments memoir and autobiographical writing fiction art and woodcuttings everyday and exotic cultural artefacts journalism political polemic the law and witness testimony This book will be essential reading for students of history and memory providing an accessible guide to the historical study of memory through a focus on varied source materials

History and memory Geoffrey Cubitt, 2013-01-18 In recent years memory has become a central though also a controversial concept in historical studies a term that denotes both a new and distinctive field of study and a fresh way of conceptualizing history as a field of inquiry more generally This book which is aimed both at specialists and at students provides historians with an accessible and stimulating introduction to debates and theories about memory and to the range of approaches that have been taken to the study of it in history and other disciplines Contributing in a wide ranging way to debate on some of the central conceptual problems of memory studies the book explores the relationships between the individual and the collective between memory as survival and memory as reconstruction between remembering as a subjective experience and as a social or cultural practice and between memory and history as modes of retrospective knowledge

The Memory Phenomenon in Contemporary Historical Writing Patrick H. Hutton, 2016-07-15 In this book the author provides a comprehensive overview of the intense and sustained work on the relationship between collective memory and history retracing the royal roads pioneering scholars have traveled in their research and writing on this topic notably the politics of commemoration purposes and practices of public remembrance the changing uses of memory worked by new technologies of communication from the threshold of literacy to the digital age the immobilizing effects of trauma upon memory with particular attention to the remembered legacy of the Holocaust He follows with an analysis of the implications of this scholarship for our thinking about history itself with attention to such issues as the

mnemonics of historical time and the encounter between representation and experience in historical understanding His book provides insight into the way interest in the concept of memory as opposed to long standing alternatives such as myth tradition and heritage has opened new vistas for scholarship not only in cultural history but also in shared ventures in memory studies in related fields in the humanities and social sciences

Writing the History of Memory Stefan Berger, How objective are our history books This addition to the Writing History series examines the critical role that memory plays in the writing of history The volume includes essays from an international team of historians bringing together analysis of forms of public history such as museums exhibitions memorials and speeches coverage of the ancient world to the present on topics such as oral history and generational and collective memory and two key case studies on Holocaust memorialization and the memory of Communism From Amazon com

Memory, Trauma, and History Michael S. Roth, 2011-11-01 In these essays Michael S Roth uses psychoanalysis to build a richer understanding of history and then takes a more expansive conception of history to decode the cultural construction of memory He first examines the development in nineteenth century France of medical criteria for diagnosing memory disorders which signal fundamental changes in the understanding of present and past He next explores links between historical consciousness and issues relating to the psyche including trauma and repression and hypnosis and therapy Roth turns to the work of postmodern theorists in connection with the philosophy of history and then examines photography s capacity to capture traces of the past He considers how we strive to be faithful to the past even when we don t care about getting it right or using it productively Roth concludes with essays defending pragmatic and reflexive liberal education Drawing on his experiences as a teacher and academic leader he speaks of living with the past without being dominated by it

History as an Art of Memory Patrick H. Hutton, 1993 Hutton considers the ideas of philosophers poets and historians to seek out the roots of fact as mere recollection

Remembering War J. M. Winter, 2006-01-01 This is a masterful volume on remembrance and war in the twentieth century Jay Winter locates the fascination with the subject of memory within a long term trajectory that focuses on the Great War Images languages and practices that appeared during and after the two world wars focused on the need to acknowledge the victims of war and shaped the ways in which future conflicts were imagined and remembered At the core of the memory boom is an array of collective meditations on war and the victims of war Winter says The book begins by tracing the origins of contemporary interest in memory then describes practices of remembrance that have linked history and memory particularly in the first half of the twentieth century The author also considers theaters of memory film television museums and war crimes trials in which the past is seen through public representations of memories The book concludes with reflections on the significance of these practices for the cultural history of the twentieth century as a whole

Writing the History of Memory Stefan Berger, Bill Niven, 2014-04-10 How objective are our history books This addition to the Writing History series examines the critical role that memory plays in the writing of history This book includes Essays from an international team of historians

bringing together analysis of forms of public history such as museums exhibitions memorials and speeches Coverage of the ancient world to the present on topics such as oral history and generational and collective memory Two key case studies on Holocaust memorialisation and the memory of Communism

Memory, History, Forgetting Paul Ricœur, 2004-08-16
 Firstly Paul Ricoeur takes a phenomenological approach to memory He then addresses recent work by historians by reopening the question of the nature and truth of historical knowledge Finally he describes the necessity of forgetting as a condition for the possibility of remembering

History, Memory and Public Life Anna Maerker, Simon Sleight, Adam Sutcliffe, 2018-07-06
 History Memory and Public Life introduces readers to key themes in the study of historical memory and its significance by considering the role of historical expertise and understanding in contemporary public reflection on the past Divided into two parts the book addresses both the theoretical and applied aspects of historical memory studies

Approaches to history and memory introduces key methodological and theoretical issues within the field such as postcolonialism sites of memory myths of national origins and questions raised by memorialisation and museum presentation

Difficult pasts looks at history and memory in practice through a range of case studies on contested complex or traumatic memories including the Northern Ireland Troubles post apartheid South Africa and the Holocaust Examining the intersection between history and memory from a wide range of perspectives and supported by guidance on further reading and online resources this book is ideal for students of history as well as those working within the broad interdisciplinary field of memory studies

Memory, History, Justice in Hegel Angelica Nuzzo, 2012-04-05
 This reconstruction of the work of dialectical memory in Hegel raises the fundamental question of the principle that presides on the articulation of history and indicates in Hegel s philosophy two alternative models of conceiving history one that grounds history on ethical memory the other that sees justice as the moving principle of history
