Tribute to Freud with an Introd. by P. Jones H. D., P. Jones, 1971 *Reading Freud's Patients* Anat Tzur Mahalel, 2020-06-01 Winner of the 2021 ABAPsa Book Prize Award What would the story of analysis look like if it were told through the eyes of the analysand How would the patient write and present the analytic experience How would the narrative as written by the analysand differ from the analytic narrative commonly offered by the analyst What do the actual analytic narratives written by Freud s patients look like This book aims to confront these intriguing questions with an innovative reading of memoirs by Freud s patients These patients including Sergei Pankejeff known as the Wolf Man the poet H D and the American psychoanalyst Abram Kardiner all came to Vienna specially to meet Freud and embark with him on the intimate and thrilling journey of deciphering the unconscious and unravelling the secrets of the psyche A broad psychoanalytic and literary historical reading of their memoirs is offered in this new entry to the popular Routledge History of Psychoanalysis Series with the purpose of presenting the analysands narratives as they themselves recounted them This makes it possible to re examine the links among psychoanalysis literature and translation and sheds new light on the complex challenge of coming to know oneself through the encounter with otherness This book is unique in its focus on multiple memoirs by patients of Freud and presents a fresh even startling close up look at psychoanalysis as a clinical practice and as a rigorous discourse and offers a new vision of Freud s strengths and at times defects It will be of considerable interest to scholars of

psychoanalysis and intellectual history as well as those with a wider interest in literature and memoir

Acrobatic Modernism from the Avant-Garde to Prehistory Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity's restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re-calibrated sensory ratios The criterion of the new as self-making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound's slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all-over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both

Psychoanalysis David Henderson, 2015-09-04 This volume offers a rich tapestry of psychoanalytic thought The authors demonstrate bold creativity in their use of psychoanalytic concepts to think about a wide range of problems in philosophy art and the clinic The collection grew out of Psychoanalysis Culture and Society a conference for postgraduate students and research fellows organised by the Centre for Psychoanalysis Middlesex University London in June 2014 The range of themes addressed at the conference demonstrates the interdisciplinary character of psychoanalytic studies Few of the contributors are affiliated with established psychoanalytic research centres and consequently can feel isolated within their respective departments They were pleased to have the opportunity to meet with others who are pursuing related questions
