Johari, 1987 **Handbook of Political Theory** Gerald F Gaus, Chandran Kukathas, 2004-08-21 The Handbook of Political Theory is a latest addition to the SAGE Handbook collection As with all of our handbooks this is a definitive and benchmark publication that covers all aspects of a given subject This handbook is an essential purchase for everyone interested in Political Theory Political Theory and the Displacement of Politics Bonnie Honig, 2023-03-15 Political Theory and the Displacement of Politics originally published in 1993 has been called a founding text of agonism which treats political contestation not as a regrettably necessary way to correct political imperfections but as a necessary sometimes joyful feature of democratic life As Bonnie Honig writes in the preface to this thirtieth anniversary edition the agonism that informs this book is democratic it is committed to shared spaces and relational practices in which diverse groups and individuals set and reset the terms of living together as equals By rethinking the established relation between politics and political theory Honig argues that political theorists of opposing positions often treat political theory less as an exploration of politics than as a series of devices for its displacement She characterizes Kant Rawls and Sandel as virtue theorists of politics arguing that they rely on principles of right rationality community and law to protect their political theories from the conflict and uncertainty of political reality Drawing on Nietzsche and Arendt as well as Machiavelli and Derrida Honig instead explores an alternative politics of virt which treats the disruptions of political order as valued sites of democratic freedom and individuality **Political Theory** Andrew Hacker, 1961 Political Thinking, Political Theory, and Civil Society Steven M DeLue, Timothy Dale, 2015-09-04 A comprehensive overview of the Western tradition of political thought that approaches concepts with the aim of helping readers develop their own political thinking and critical thinking skills This text is uniquely organized around the theme of civil society what is the nature of a civil society why is it important that will engage students and help make the material

relevant Major thinkers discussed in the text are explored not only with the goal of understanding their views but also with an interest in understanding the relationship of their ideas to the notion of a civil society DeLue contends that a civil society is important for securing the way of life that most of us value and want to preserve a way of life that allows people to live freely and place significance on their own lives
