What Love Is Carrie Jenkins, 2017-01-24 A rising star in philosophy examines the cultural social and scientific interpretations of love to answer one of our most enduring questions What is love Aside from being the title of many a popular love song this is one of life s perennial questions In What Love Is philosopher Carrie Jenkins offers a bold new theory on the nature of romantic love that reconciles its humanistic and scientific components Love can be a social construct the idea of a perfect fairy tale romance and a physical manifestation those anxiety inducing heart palpitations we must recognize its complexities and decide for ourselves how to love Motivated by her own polyamorous relationships she examines the ways in which our parameters of love have recently changed to be more accepting of homosexual interracial and non monogamous relationships and how they will continue to evolve in the future Full of anecdotal cultural and scientific reflections on love What Love Is is essential reading for anyone seeking to understand what it means to say I love you Whether young or old gay or straight male or female polyamorous or monogamous this book will help each of us decide for ourselves how we choose to love **National Magazine ...**, 1913 **The Cosmopolitan**, 1900 *Songs of Grace and Glory ... An Analysis of "Brave New World" and "Nineteen Eighty-Four" Lena Gräf, 2016-04-26 Seminar paper from the year 2015 in the subject English Language and Literature Studies Literature grade 2 3 language English abstract This term paper is supposed to deal with how love and sex are depicted in *Brave New World* and 1984 and if there are any similarities between them Furthermore we will take a brief look at differences and similarities to love and sex in our society What is the attitude towards marriage these days And what is the role of love in all of that After this we will then hopefully be able to identify what love and sex in dystopian fiction means Ever since Thomas More s *Utopia* love and sex have been a part of dystopian novels In Thomas More s times his depictions were ground breaking Women were not allowed to marry until

they were 18 In the past this was highly unusual since most women married at the age of around 14 Furthermore divorce is forbidden which at this point mirrors the time More lived in This clearly influenced all the following writers of dystopian novels They imagine a world that is negatively silhouetted against their own world And since love is a big part of every society it is also a big part in every dystopian society When looking for the most famous dystopian novels on Google two that are immediately suggested are Brave New World by Aldous Huxley and 1984 by George Orwell Both have one thing in common their rather negative and for us rather unusual attitude towards love relationships and sex
